

NOT WITCH DOCTORS—just mask makers. The masks shown here are the handwork of youngsters making use of the recreation program sponsored at New Lenox by the village board. These masks, manufactured of papier mache which was made by the youngsters, were fashioned under the direction of Carol Werner (far left). In the front row (l to r) are: Darlene Kakal, 10, Donna Baughan, 11, Pat Dolan, 10 and Patty Nooney, 9; (back row) Chris Klasing, 9, David Eden, 9, Richard Braley, 8, and Roger Baughan, 12. There were more than 25 youngsters in the class held indoors at the Lions Den. (Marvin Smith photo)

Lagoon Poses Problem at Orland

Lagoon, when coupled with June and moon and set to soft music, usually conjures up mind pictures of South Sea islands, whispering palms, a white sand beach and a starry sky with maybe a dish of honey on the side, but at Orland Park—

Well, at Orland Park you can jettison June, moon, music, palms, white sand beach and a dish of honey on the side because when one says "lagoon" that's the end of the line for a number of mothers.

Until the developers of Orland Park Hills erect 250 homes sewage will be subjected to the lagoon method of treatment. It is carried into

large pond where the sun and air do the purifying. After 250 homes are built the developers are to build a sewage treatment plant. In the meantime the Chicago sanitary district has granted permission for use of the lagoon.

Being a body of water the lagoon attracts visitors—young visitors and the telephones of some village officials have been ringing frequently of late as indignant mothers voice complaints.

They fear, and so do board members, that some youngster may fall in, with perhaps fatal consequences.

Trustee Joseph Lebens brought the subject up at the village board meeting Mon-

day night and said that he had received numerous complaints relative to the lagoon and Trustee Cleveland also told of getting calls from parents on the subject.

It was suggested that a fence might solve the problem.

Village Clerk Kenneth Halvorson was instructed by the board to write the developers and request them to furnish protection against possible accident at the lagoon.

Trustee Cleveland said that he had chased a number of children away from the place in the past week.

With the summer season at hand, it was pointed out, more children are spending more time out of doors.

Swimming Pool to be Constructed at New Day Camp

A swimming pool and shower room will be constructed at the New Day Camp located at 167th st., 1 1/4 miles west of Cook County line. This and other improvements will cost an estimated \$10,000.

The camp is located on about 108 acres in Homer Township, which was formerly owned by Mrs. Beatrice Coe and recently sold to Don Edgar of Chicago.

Mokena Band Will Hold Candy Sale Saturday

Beginning this week-end the members of the Mokena grade school band will begin a house to house canvass for candy orders.

The youngsters will be taken to their respective assignments by members of the Band Boosters' club.

The sale is to begin at 10 o'clock Saturday morning. The youngsters have three kinds of candy to sell.

Proceeds will go in the fund that is being raised to purchase uniforms for the band.

Sandburg High Has Band School

Carl Sandburg high school will have a summer music program for grade and high school students. It began Monday of this week at 7:30 p.m. and will continue seven weeks.

The fee for the seven weeks' course—seven lessons—is \$10 and is payable to the high school. Anyone who desires to learn to play an instrument as well as those who do play are eligible to join the group.

The Sandburg music department also is to conduct a summer band. This is open to adults as well as students who are interested in sight reading good music. The first rehearsal was last night.

Dr. John R. Heller, director of the National Cancer Institute, states that research scientists are on the verge of major break-through in the war against cancer. One may be a vaccine producing immunization.

Frankfort, Mokena Consider Master Plan for Area

The planning commission of both Frankfort and Mokena are in agreement that a master plan for use of land in the area is needed for the best interests, now and in the future, and recommend such a step to their respective village boards.

Intelligent and planned use of lots and lands not only protects property owners and business people, it was pointed out, but also serves to attract suitable commercial and industrial enterprises to ease the tax burden that now rests almost exclusively on farm and householders.

A master plan also enables village board, school boards and other governing bodies to take such measures as are for the best interest of all the people.

At a meeting of the Mokena plan commission at the Carpenter street school last week, which was attended by representatives of like bodies from Frankfort and New Lenox, it was tentatively agreed that a master plan should be made.

New Lenox, however, will not share in such a program, according to Lester E. Brown, who served as spokesman for the planning commission there. He was accompanied by Stanley Gilmore, a member of the New Lenox vil-

lage board, and Herbert C. Steinbach, village treasurer. Mr. Brown explained that New Lenox had no funds available for such a purpose.

Representing Frankfort were Burton Breidert, Adam J. Heuser and Mayor George Sangmeister. Maurice P. Angland, chairman of the Mokena plan group, presided.

The general plan, which includes maps and a comprehensive survey, as proposed by Carl W. Muhlenbruch, of Educational and Technical Consultants, Inc., of Evanston, would cost \$8,400.

Muhlenbruch said he felt certain that half of the funds needed could be obtained through grants and suggested the remainder be raised by governing bodies and any other sources available. He emphasized that it was important to have as many contributors as possible in order to stimulate wide interest in the project.

He pointed out that in making the survey and drawing up the report the engineers and planners would work with the people of the area and in a way serve as instructors so that future changes could be made by local authorities.

"If you don't find it necessary to make alterations in your plan in the next five to 10 years," Muhlen-

bruch said, "then you will know you are stagnant and not going any place. If we are retained to make a plan for you, all of you are going to have to work. We will need the help of everyone who is interested in the future of the community and who has knowledge of its make up. As we make out surveys we also conduct an educational program. We help you to help yourselves."

Muhlenbruch, who is an engineer and a former professor at Northwestern university and Carnegie Tech at Pittsburgh, stressed that zoning was not intended to be a "don't process" but its prime purpose was to provide the greatest protection for the greatest number of a community.

"Industry doesn't want homes in an industrial area any more than homeowners want industry in a residential section," Muhlenbruch said. "The prospective commercial enterprise owner, the industrialist and the homeowner should be able to buy with confidence, and know that the property they acquire will be used for the purpose for which it was intended."

A city or village can control areas one and a half miles from their boundaries, it was

explained, but only if a plan and a land use map is on file with the county. There have been several court cases, it was brought out, in which master plans and land use maps had been attacked and in all such instances the courts decided in favor of the municipalities.

An intelligent survey of an area, it was brought out, covers many things, environment, topography, transportation, power, water supply, drainage, schools, recreational facilities, make up of population and numerous other factors.

An intelligent survey, it was pointed out, can anticipate and plan against slum conditions, and guide growth.

The important thing Muhlenbruch declared, is a balanced community. We suggested light industry as desirable for this area, the laboratory-type of plant which provide steady year-round employment.

Schools must have more revenues, it was pointed out, and unless the area gets industry and commercial enterprises to help bear the burden it can become too heavy for home and farm owners. The tax burden should be balanced too, it was said.

Some people are moving back to Chicago from outlying areas because of the heavy tax burden on homeowners, Muh-

lenbruch stated. Controlled development is munity, it is generally agreed. Muhlenbruch emphasized, however, that controls must be reasonable and just.

The plan commission of Frankfort and Mokena are expected to discuss the proposed survey with various people and organizations to enlist support for the program. They feel that it is of such importance to the future of the area that it is well worth the cost.

Members of the Mokena plan commission present at the meeting last week included two new members, Elias A. Brown, of the Welsh Lumber company, and Eric G. Book, who is with the Andrew Corporation at Orland Park. Mayor James Marti of Mokena, also was present.

Marti appointed Brown and Book to the plan commission to fill two of the three of the vacancies brought about by recent resignation of David McMillan, George Bills and John Marti. The other place will be filled shortly. The other members of the commission besides those already mentioned are Leo Marcoux, secretary; Les Brownlee, Lawrence Kohl, Arthur Jackson, Charles T. Rose, Fred Lehmann, Alfred Kuchenecker and Norval Robinson.

Marley to Have Old Fashioned Fourth of July

The old-fashioned 4th of July celebrations may have become a part of the nostalgic past in most communities, but at Marley the tradition has not changed.

For the 76th year residents of Marley will hold the same type of celebration that brings back joyful memories to oldsters who reminisce about the fried chicken on tables bountifully set outdoors.

The festivities will start at 11 a.m. in the Haley park. Lunch will be available.

At 1:30 p.m. a program will be given and 2:30 p.m. there will be games and races in which the children can compete. If the weather is inclement, the luncheon and program will be held in the church dining hall.

The Independence Day speaker will be Paul McKeown, an attorney of Joliet.

Pick Candidates for Judge in 12th Circuit

A Joliet Democrat will be pitted against a Republican from Iroquois county for circuit judge in the special election called for Sept. 2 in the 12th judicial circuit which is made up of the counties of Will, Kankakee and Iroquois.

The necessity for an election was occasioned by the death on May 10 of Judge Roscoe C. South, of Watseka. He was elected in June, 1957 so his successor will have approximately five years to serve to fill out the term. Circuit judges are elected to six-year terms.

Judge South was a Republican and at a tri-county convention held at Kankakee last Saturday the Republicans nominated David E. Oram, 48, of Watseka, Oram has been practicing law since 1940 and served as state's attorney of Iroquois county from 1948 to 1956. He did not seek a third term.

In choosing a candidate from Iroquois county the Republicans followed a custom that has prevailed for probably as long as the district has existed in its present form. Each county has been represented by a judge.

After Judge South died a movement was started in Joliet for a second judge from (Continued to page 2)

Village Board At Orland Park Acts to Get More of Gas Tax

Orland Park is to have a special census taken as soon as arrangements can be completed with the federal Bureau of Census and the results are expected to bring the community a substantial increase in state motor fuel tax.

The state divides the money collected thru the gasoline tax with cities, villages and towns. The division is based on population. Orland Park gets approximately \$5 per resident per year.

Only federal census figures are accepted by the state in allotting a village's tax. According to the 1950 share of the motor fuel census Orland Park had a population of 789 at that time.

Village officials estimate that the population is now 1,800 to 2,000. If the population reaches the 2,000 mark Orland Park would receive approximately \$10,000 as its share of the gas tax, or about two and a half times the amount it now gets. This could be used to great advantage, it was pointed out, in rehabilitating streets.

If the population reaches 2,000 it will only cost the village (Continued to page 2)

Parade, Legion Hall Dedication to Make 4th Big Day at Orland

Residents and visitors from neighboring communities will enjoy a full day of activity in Orland Park on the 4th of July. A parade with marching bands and other activities to delight young and old promise a happy time for all.

The highlight of the day will be the dedication of the new American Legion hall, located one block east of U.S. Route 45.

The festivities will begin with a parade at 1 p.m., which will start at 143rd and West ave., and continue east to the Legion hall.

Three marching bands, including the Lincoln-Way and Carl Sandburg High school bands, will participate. There will be 15 floats in the parade, one from the NIKE base in Orland, displaying a NIKE missile.

At 3:30 in the parade will be eight fire trucks and marching Boy Scout troops.

Coy Baumgartner, 8th Dis-

trict Commander will be the speaker at the dedication ceremonies of the new American Legion building. The Rev. Robert Plastow, pastor of the Orland Methodist church will give the invocation and preside at the dedication service.

At 4 p.m. a baseball game will be played at 153rd and West ave.

There will be free ice cream and pop for the children.

The celebration will end in the evening with dancing and a fireworks display.

Start 27 More Homes at Orland

The Orland Park village board issued 27 building permits this week for homes in Orland Park value of the homes is approximately \$324,000. The Hills development. Total amount of permit fees collected by the village was \$3,652.

Orland Board Adopts \$94,400 Appropriation

The Orland Park village board has adopted its appropriation ordinance for the current fiscal year which carries a total of approximately \$94,400 as compared to \$81,535 for 1957-58. The fiscal year begins May 1 and ends April 30 of the following year.

It was pointed out by village officials, however, that while the total amount of appropriations are the amount to be collected in taxes assessed against real estate and personal property will be no greater than it has been in the past.

The board get revenue from sources other than real estate and personal property taxes but the income is not as great as the amount appropriated. Village Attorney Raymond Pieper explained that it is necessary to make an appropriation before money can be expended. The village does not expect to have the money for all the items carried, it was further explained, but they are set down in the ordinance just in case the money should be available.

One of the fixed charges in the ordinance, of course, is \$4,205 for payment of principal and interest on a \$65,000 waterworks bond issue. Garbage collection is put down at \$5,000. It is not expected (Continued to page 2)

Play Program Opens Again for the Summer in Mokena Park

A supervised recreation program got underway at Mokena this week with Miss Marilyn Boleman, a junior at Western Illinois university, in charge for her second consecutive year.

Supervised play, sponsored by the Mokena park board, has been carried on for several years. Before Miss Boleman was placed in charge the work was directed by H. James Wrath, assistant principal at the Mokena grade school until he resigned this month to become a high school teacher.

The program is carried out at Community park. There are swings, slides and teeter-totters there for the younger element and Miss Boleman is asking for a sandbox too for the small fry this year.

Grand Opening of Shopping Bag Starts Today

The Shopping Bag, Inc., super market on Wolf road, Mokena, is holding its grand opening this weekend—today, tomorrow and Saturday.

The Shopping Bag is owned and operated now by a corporation, the incorporators being Louis Kusay, Donald Ross and James Wolf, all of Hazel Crest. Ralph Thoresen, Mokena, is the manager.

The corporation also owns the building, which has been

Cities and Villages Receive Sales Tax on March Business

City sales tax collections for March which came to the state revenue department in April and were distributed to the cities and villages last week show the amount was \$3,882,367. The total sum collected was \$4,143,326 but the state took a bite of \$247,810 for handling the money.

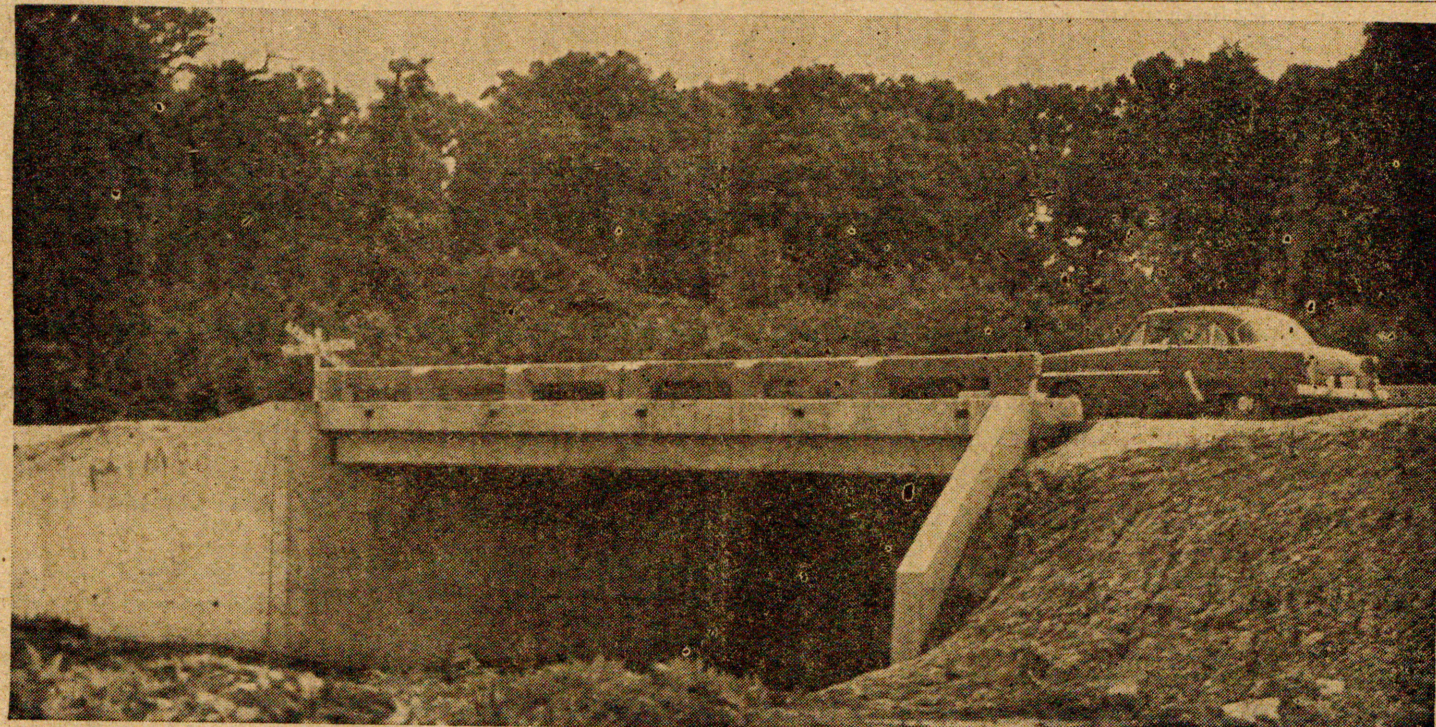

The number of cities and villages that shared in the March sales tax was 999. By June 9 the list had grown to 1,013.

In this area Tinley Park gets \$2,211; New Lenox,

\$1,150; Orland Park, \$702; Frankfort, \$697; Mokena, \$601; Manhattan, \$429.

The amounts handed over to other communities in the area were:

Markham, \$714; Matteson, \$534; Midlothian, \$2,300; Poser, \$794; Robbins, \$408; Hazel Crest, \$705; Harvey, \$15,741; Peotone, \$972; Lemont, \$2,275; Homewood, \$472; Lockport, \$3,013; Park Forest, \$9,295; Evergreen Park, \$16,364; Blue Island, \$12,204; Joliet, \$43,878; Chicago Heights, \$19,979 and Chicago, \$1,756,786.

NEW BRIDGE AT MARLEY—is getting a lot of traffic but it will have more when Maple road, which joins U. S. 6 to Wolf road, is widened and resurfaced. The Will county board's right-of-way committee which had struck some snags in getting land to widen the road, report progress. Completion of the road, it

was pointed out, will increase the value of abutting property. The bridge at Marley replaced an antiquated structure that finally caved-in under a truck. A temporary span was erected that remained in use until the present bridge was built thru county and state funds. (Marvin Smith photo)

Mrs. Florence Cane, Lincoln Estates Resident, Dies

Funeral services for Mrs. Florence Cane, who died in her home on 80th ave., Lincoln Estates, Frankfort, on Wednesday, June 18, after a lengthy illness, were held Friday at the Gerardi Funeral Home in Chicago Heights. Burial was in Pleasant Hill cemetery, Frankfort.

She and her husband Charles, who survives her, were married 42 years ago in Chicago. They have lived in Lincoln Estates for the past ten years.

Other survivors are a brother and sister in Idaho.

VILLAGE BOARD—

(Continued from page 1) lags \$565, and it will be less if the count is appreciably lower. The village board has already mailed a check for \$420 to the census bureau and in a letter to the bureau by Trustee Bretland A. Blair who instigated the move for a special population count, the village has \$145 set aside to pay enumerators.

The check was mailed last week and should have been in the hands of the bureau last Saturday or Monday of this week.

According to a sample form enclosed there are spaces for the street number, the name of the person interviewed, the names of the members of the household, sex, color, age, race etc.

The report will also show the number of dwelling units, the number of persons in each race represented in the community and the total number of males and females.

ORLAND BOARD—

(Continued from page 1) that it will cost this much but it is probable, officials said, that it will exceed the \$3,000 originally put down for this purpose.

The village also appropriates for the expenses of the library. The total amount put down for the library is \$1,600, of which \$218 is rent, \$144 for fuel, \$500 for the purchase of books, \$15 for periodicals and \$520 for salaries. Lights supplies, etc. make up the rest. The ordinance will be published in the July 3 issue of this paper.

Burglars Get \$25 at Dari-Castle

The Dari-Castle on Wolf rd., Mokena was broken into some time Tuesday night and \$25, mostly in currency, and a check were taken from the cash register.

The front window where orders are given out was broken and the register had been drawn over to the window to remove the money.

Mrs. Vera Mansfield, manager, discovered it upon opening up Wednesday morning. In the future, no money will be left in the register when the Dari-Castle closes, she stated.

The state police, who were called, took fingerprints.

PICK CANDIDATES—

(Continued from page 1) Will county on the grounds that approximately 60 per cent of the court's business originates in Will county.

The Democrats held their convention at Joliet Monday night and named F. Donald Delaney, a Joliet lawyer, as their candidate. Delaney served on the state court of claims as a judge for four years under Stevenson. He has been active in Democrat politics for many years and has been practicing law for about 20.

The Democrats claim that in choosing Delaney they are following the "mandate of the Will County Bar Association that Will county have two judges. Observers say that inasmuch as Democrats are in short supply in Iroquois and Kankakee counties the party had to pick one from Will county in order to interest the Democrats here. The largest Democrat vote in the circuit, of course, is in Will county.

The Democrats pulled a switch at their convention, it was noted. State Representatives Francis J. Loughran (Will county) and Sam Shapiro (Kankakee) berated Gov. Stratton for calling a special election to choose a judge rather than waiting until the general election in November. With straight faces the Democrat leaders pointed out the election in September will cost the three counties some \$50,000 and that most of this would have

been saved had the contest gone over until November. Observers found it refreshing to find the Democrat organization concerned about what happens to tax money.

Wheat Worth More This Year, Says Expert

By L. H. SIMERL

Prices for the 1958 wheat crop seem likely to follow a typical seasonal pattern. In a typical pattern, prices dip 20 to 30 cents below the support level in June or July, then rise to within a few cents of the support and hold at that level until near the next harvest.

The price support level will be about 18 cents lower than the \$2 support in each of the two previous years. Market prices may average lower in relation to the loan level than they have averaged in recent years. This is because the crop is larger, more of it is ineligible for price support, the export demand has decreased and our own business prospect is not so bright as it has been in most recent years.

The 1958 wheat crop is estimated at 1,270 million bushels—one-third more than last year. Thus wheat producers will get more money for their crop than they did last year, even though the price per bushel is lower. The total value of the crop (less seed) will be over 2 billion dollars, about 20 per cent more than last year.

With good yields, production costs will be low—below \$1 a bushel on efficient farms in the big wheat states. Producers with adequate acreage will make good incomes, but many farmers do not have enough land to make good use of their skill, time and machinery.

Illinois has a prospect for about 50 million bushels of wheat. This would be over one-third more than last year and about one-fifth more than the 10-year average. Acre yields are higher in Illinois than in the wheat belt, but costs of production are also higher, mostly because of the higher value of land.

The wheat surplus, which has been shaved a bit in the past two years, may swell to a new record high by next summer. Carry-over of old wheat on July 1 will be about 875 million bushels, which would be 4 per cent less than last year and 15 per cent less than the all-time high of 1,036 million bushels three years ago.

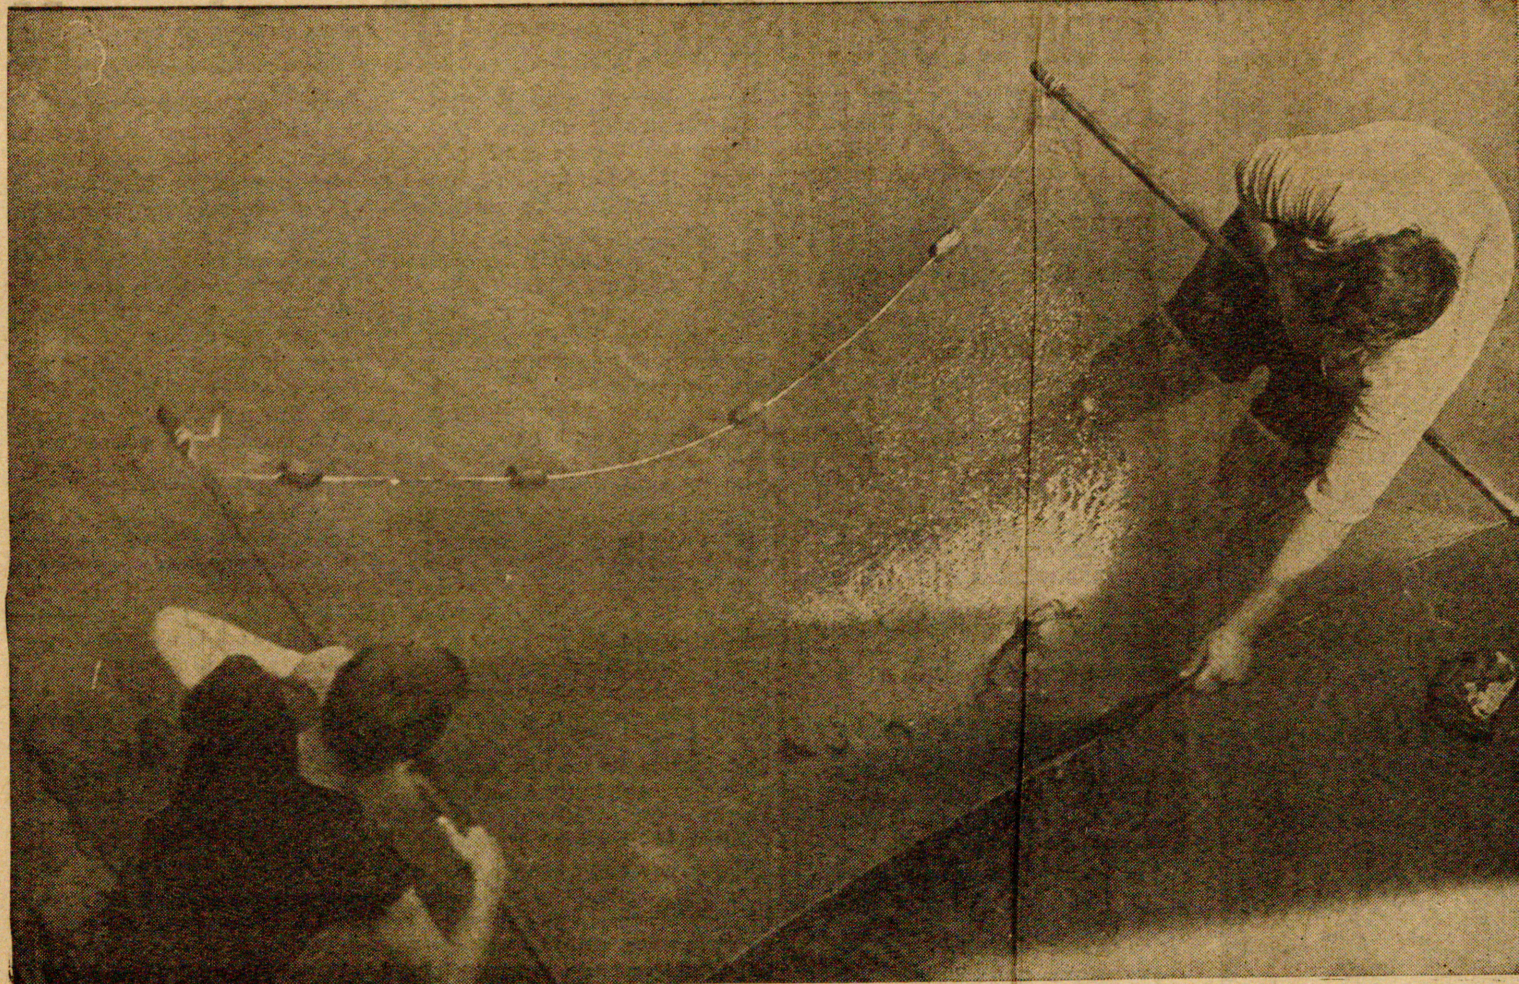

A new crop of 1,270 million bushels would make a total supply of 2,145 million bushels. That amount would be 5 per cent more than the previous record supply in the 1956-57 crop year. Of this supply about 480 billion bushels will be used for food, 60 million for seed, 50 million for feed and perhaps 385 million will be exported. That would make a total disappearance of 975 million bushels and leave a carry-over on July 1, 1959, of around 1,170 million bushels, a new record high.

Our current wheat production is about double our needs for food, seed and feed. The excess is exported at less than U. S. prices. This situation is destructive of our soils, is costly to taxpayers and creates a resentment against us among Canadian and other foreign wheat producers.

netted an ample supply near the Cedar road bridge. A week before and the water would have been over their heads. (Marvin Smith photo)

Girl Scouts Enjoy Life at Nearby Camps

Eight camps opened June 17 for hundreds of South Cook County Girl Scouts; the two serving this area are Tinley Creek Woods and Carlsen Springs, the former under the direction of Mrs. Robert Palmer and Mrs. John Ketterson, and the latter under the direction of Mrs. Robert Klecka and Mrs. James Kohl.

In addition to a camp staff, a naturalist from the Forest Preserve district is assisting campers in learning to understand and appreciate the wonders of nature.

A highlight of the nature program for many camps is a day scheduled to be spent at the Little Red School House.

On July 8, eight more camps will open at the same locations and will serve 250 more

scouts with a similar day camp program.

Another 126 eager girls will leave Harvey on Thursday, June 26, for the first two weeks at Camp Manistee, the council owned camp in Michigan.

There are still a few vacancies for 1st, 3rd and 4th sessions. In response to requests, the 4th period from Aug. 7 to 20 will be open to Brownies provided there are enough to make a workable unit. Reservations may be made at the Council office, Edison 1-1068.

Farm Population Growing Older—and Shrinking

Not only are farmers becoming a minority in our total population, but they are also a minority in the total rural population. According to C. L. Folse, University of Illinois

rural sociologist, more non-farmers than farmers now live in the open country.

And the farm population is growing older, Folse points out. More than 55 per cent of all farmers are 45 years old. Almost one-half of the families have no children under 18 years.

With these changes in farm production, the rural school is passing out of the picture. Schools are moving to larger centers. The basic property tax on farm land to support schools has become a burden on farmers, who are paying a rather large part of their taxes to support a smaller proportion of children. And churches and small business in the small community are finding a shrinking patronage.

With the changing character of the farm family, an interesting number of women on farms are finding jobs away from the

farm. Folse points out. In recent years the proportion of farm wives working outside the home has been increasing more rapidly than in any other group. This trend insures a higher level of living and a constant income for the farm family.

All of these changes decrease the political influence of farm people in local communities. But they also tend to make rural living more and more like that of city people, Folse concludes.

Mason Pleads for Cut in Taxes

By CONG. N. M. MASON
(15th Ill. District)

(From the Congressional Record, June 5, 1958)

Mr. Chairman, Congressman Mills, the chairman of the ways and means committee, has given you a masterly analysis of the situation. He has presented one side of the tax picture that faces this nation and one side of this bill that is before us. I want to present the other side of the picture so that you will have both sides and be able to weigh one against the other.

I have never voted for the extension of these wartime taxes and I do not intend to do so now. I am therefore going to offer a motion to recommend this bill, and I am doing it for a definite purpose. If we can get substantial support for the motion to recommit we will be making an impression upon the "other body" (the Senate) and will be giving them the encouragement to do what we should do—that is, repeal the transportation tax, lower the tax on automobiles and reduce a lot of other taxes. When you go to your people this fall in your campaign, you can say—but you won't—"I didn't vote to cut your taxes by the Senate. What position will that place you in? My name is Noah, and I prophesy that both the transportation tax and the automobile tax will be cut on the floor of the Senate after we have passed this bill extending these taxes.

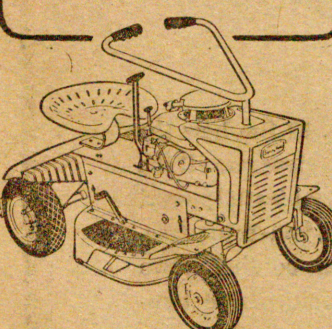

I agree entirely with the philosophy that our ranking member, Mr. Reed, presented—that this House is responsible because it has been voting these heavy taxes, these impossible taxes. This House is responsible because it has been voting these heavy expenditures, many of which were not necessary. Five or six billions could be cut on our own domestic expenditures according to Mr. Hoover, and five billion could be cut on our foreign aid without endangering our national defense at all.

Mr. Chapman, let's point out why that is so. Since World War II we have spent in foreign aid over \$60 billion—over \$60 billion. And what have we got for it? What is the result? Can we brag about the situation in Indonesia today, after what we have spent there? Can we do any bragging about India today, after what we have spent on her? Can we do any bragging about Egypt and the Middle East and the mess they are in after the amount we have spent there? Can we do any bragging about Yugoslavia? About France after giving her over \$5 billion? Can we do much bragging about England after giving her over \$7 billion? And I could go on with a lot of other nations.

to home. What about South America? Do they love us any more today because we have been so generous to them?

So I say, let us balance the budget—not by continuing these taxes but by cutting our tremendous expenditures. That is the way to balance the budget. Our ranking member, Mr. Reed, said that Secretary of the Treasury, Andrew Mellon, cut taxes three different times and every time after the tax rates were cut more dollars flowed into the federal treasury because of the expansion of business. We had a tax cut under the Democrats about nine years ago, provided by the Doughton tax bill, cut. Then we had a tax cut four years ago under the Eisenhower administration, a tax cut of \$7,400,000,000, and within a year more dollars than ever before poured into the federal treasury because of the tremendous expansion in business. These things are established facts of history. That is the way it works. That is what we should do. So I propose to offer a motion to recommit this bill which I hope will get substantial backing in this House for the effect it will have in the "other body". We may then get some of the tax cuts that many of us want, and the people back home demand.

"Alimony has been defined as bounty in the mutiny."
—The Waverly Journal

N. Y. Central Puts New Van Service Into Operation

The New York Central Railroad inaugurated its new revolutionary flexi-van service between the Joliet-Kankakee area and New York starting June 24, it was announced by Arthur E. Baylis, vice president—freight sales and service.

An inaugural demonstration of this new concept of integrated rail highway service that allows trailer units to glide from their highway wheels onto specially designed rail flat cars in four minutes was held Monday, June 23, in Joliet and Kankakee. Shippers and civic leaders attended special luncheons in both cities.

CHRISTIAN SCIENCE CHURCHES

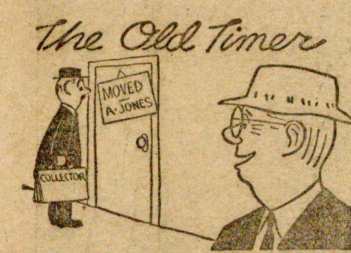

The almighty power and goodness of God will be brought out at Christian Science services Sunday.

Bible readings in the Lesson-Sermon entitled "God" will include the following from Zephaniah (3:17): "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."

Also bringing out God's supreme power is this passage to be read from "Science and Health with Key to the Scrip-

tures" by Mary Baker Eddy (228: 25-27): "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God."

The Golden Text is from Revelation (15:4): "Who shall not fear thee, O Lord, and glorify thy name? for thou only art holy: for all nations shall come and worship before thee."

"The installment collector has a hard time keeping up with the Joneses, too!"

Bottino Summarizes Work of Special Session of Legislature

By LOUIS F. BOTTINO
(State Rep. Will County)
37th District

Two items were included in the Governor's call for the special session of the Legislature which opened and closed in Springfield this past week.

The first was to consider the need for increasing unemployment benefits and the second item was to determine the need for a supplementary appropriation for general relief purposes.

The bill introduced by the administration and enacted into law provided for increasing the period of entitlement for unemployment benefits by 50 per cent but not to exceed thirty-nine weeks.

The sum of \$15,000,000 was appropriated to pro-

vide for a continuance of the present relief program until the end of the biennium.

Members of the Democratic party introduced amendments that would have gone beyond the administration's bills in providing additional benefits. Their amendments would have extended unemployment benefits to fifty-two weeks and would have appropriated \$25,000,000 additional for relief purposes.

Unemployment benefits are paid for from a tax on businesses or employers. It is not expected that the extension of payments to thirty-nine weeks will cause an increase in the tax on employers because of the accumulation of over 400 million dollars in this fund.

It is also expected that the additional appropriation for relief can be paid from general state revenue sources and not necessitate an increase of taxes of any sort.

Tigers Beat Markham Colts 5 to 2

Bressi Turns Back Visitors on Two Hits

Ron Bressi hurled a beautiful two-hit game Sunday as the Tinley Park Tigers won their second consecutive start in the South Suburban Police League by taking the Markham Colts 5 to 2.

The game was really over in the first inning when the Tinleys unleashed a blitzkrieg on the hapless visitors, making 3 runs on three hits and two walks. Vern Sloan and Harold Coley each came up with a single and Bressi, who is no mean hand with a stick, drew a pass to load the bases.

Then Ron Koning and Jerry Romanerghi put singles back to back to clear the bases.

When the game started it didn't look too good for the home team. Bressi, who does some amateur boxing, had a different kind of a bout Saturday—one against stomach flu and it left the Iron Man a bit on the weak side. He walked the first three men that faced him Sunday and then rallying his reserve strength he proceeded to strike out the side.

Before the game ended he had added nine more strikeouts to his record for a total of 30 in the first two games of the league season. That he was off, however, was evidenced by the fact that he issued eight passes to Markham as opposed to none in the Oak Forest tilt the week previous.

The Tigers put the icing on the cake in the second inning when Dick Klepper and Vern Sloan singled and advanced on a bunt by Coley. Bressi then lashed one back at the Markham pitcher and manager, Ceidel, that was too hot to handle. Ceidel booted it but held Sloan on third.

Sloan scored moments later, however, on a clout by Terry Schroeder.

The Colts scored their first Manioni, who with Postowait run in the third when Jim had been walked, stole home. Tinley scored again in the fifth on hits by Romanerghi and Jim Miller to make the count 6 to 1.

Markham scored in the fifth. Hillbri was brushed at the plate and came home on Manion's solid triple. Manion, however, strayed too far and was picked off.

This Sunday the Tigers will travel to Markham to take on the Rockets, from Markham's east side. The Rockets are an all-negro team and are said to have some good pitching.

Either Bressi or Romanerghi will be assigned to mound duties by Tiger Manager, Lyman Anfield. The Tinley team will leave from Memorial park at 1 o'clock. The Markham diamond is at 157th and Homan.

On July 4, at 3:30 p.m. Tinley will play Oak Forest there as a part of the celebration in that community. This game was scheduled to make up an earlier tilt that was rained out.

Before the game at Tinley Sunday a brief prayer was said by the Rev. Kenneth Crandall. Bressi was given a trophy for his boxing.

"Remember when a successful salesman didn't have to have more than a smattering of psychiatry?"

—The Roodhouse Record

Lynn Lee and her dad, John E. Cole

Midget Midgets

Gals Like New Sports

6-year-old Linda Lee Cole, daughter of Mr. and Mrs. John E. Cole, 104th ave. at 175th, Orland township, likes dolls alright but right now her first love is midget auto racing.

Linda Lee is one of a number of youngsters engaged in quarter midget racing at the new track designed for small fry racers at Blue Island. It is on Vermont just across the street from Raceway park.

The young drivers range in age from 6 to 18 but are divided into groups so the youngest are not competition with the oldest. Linda herself was in the 6-to-11 group Sunday night and finished third.

These cars can be throttled down to five miles an hour and revved up until they do better than 20 m.p.h.

Altho small they are not toys. Linda's car has a 50-inch wheelbase, an overall length of 74 inches, a 30-inch wheel tread and weighs 155 pounds. It is powered with a Continental AUSR 2.85 engine.

It cost about \$200 for Linda's dad to assemble the car. He is a tank wagon driver for Sinclair Oil.

The Midwest Motor Mites, which is the name of the association in charge of the racing program is made up of parents of the young drivers.

The track is designed especially for use by the youngsters and safety is the prime lesson taught.

The races are open to the public. There is no admission charge but a hat is passed among the spectators. The races are run at 2 o'clock Sunday afternoon.

Lincoln Estates Small Fry Win One, Lose One

The Lincoln-Estates-Frankfort Small Fry team won one and lost one game last week.

They played at Laraway on June 20, beating that team 10-5. The winning pitcher was Bobby Edmonsen. The catcher was David Hasel. Butch Blaylock hit a homerun.

The team had 10 runs, 10 hits, and 6 errors, while the Laraway team scored 5 runs, 6 hits, 3 errors.

Manhattan was the winner in a game played Saturday with a score of 21-7. The losing pitcher was Dale Schoen. The catcher was Gunard Hendrickson. Manhattan scored 21 runs, 12 hits, and 3 errors. The Lincoln Estates team had 7 runs, 11 hits, and 9 errors.

"Real education must ultimately be limited to men who insist on knowing. The rest is mere sheepherding."

—The Odell Times

Frankfort Pony Outfit Loses First 3 Games

Walks and errors on the part of the Frankfort-Lincoln Estates Pony league team has spelled defeat in their first three games. The boys have been scoring runs and hitting well, but the pitching has been a little erratic.

As the sportswriters say of the Chicago Cubs, they are an interesting team to watch, even if they don't win.

Dale Johnson and Dennis Wheeler are now helping Jay Bissell and with the additional assistance, more time can be spent on individual weaknesses.

There are still seven games remaining which will be reported with box scores so the sponsors, the Frankfort firemen and Auxiliary police may follow the progress of the

team.

Team officials invite residents to attend the games and spur the boys to better achievement.

HOW'S THAT AGAIN?

"Arbitrary raises in wages unaccompanied by increased productivity are not good. The union agrees to that because it believes wage increases should be based on the facts, not arbitrarily based on the use of economic power by either party."—Walter Reuther

Long Distance Events on Card at Joliet Track

The season's first 50-lap championship main event is on tap Saturday night at the midget auto races in Joliet Memorial Stadium.

The best long-distance drivers of the past two seasons will be on hand Saturday, seeking to continue their mastery in the 50-lap events.

Willie Wildhaber, Lexington, Ill., speedster, will be in the starting lineup trying for his fourth 50-lap triumph since 1956. Wildhaber took one in '56 and two last season and is off to a fast start this year with a regular 25-lap feature victory to his credit.

Also seeking more 50-lap laurels will be Bob Tattersall of Streator, who won one each in '56 and '57, and Johnny Meyers of Chicago, who captured a long-distance run last year and owns a 25-lap victory this season.

Challenging the leaders will be Dom Dellegrazie of Evanston, Bob Chapman of Aurora, Paul Kerber of Elgin, Ray Elliott and Newt White of Lockport, Walt Wieneke of Libertyville and Joliet's Bernie Wilhelm and Aaron Willis.

On Saturday's program will be four heat races, a handicap, 25 lap semifeature and the 50 lap feature. Time trials start at 7:30 p.m. and the first race at 8:30 p.m.

Tinley Team Seeks Games

The Tinley Park Police league entry challenges any team outside the circuit on a home-and-home game basis. Tinley has Wednesdays open for such contests. The age group is from 14 thru 17. Any takers may call the Tinley manager, Lyman Anfield, KElogg 2-4650.

"Ever stop to consider that heads, hearts, and hands might settle the world's differences much better than arms?"

—The Tuscola Review

Rebels Lead Pony League in Tinley Park

The Tinley Park Pony league team, the Rebels, won the fourth straight game by defeating the Blue Angels 12-8 Monday night.

Jan Curles was the winning pitcher and John Punis the losing pitcher.

The Blue Angels have now won two games and lost two. The remaining team in the league, coached by Francis Meakim, is a four-time loser. They play the top team in the league Thursday night. All of the games are played in Memorial park.

Come in and see our INTERNATIONAL® Truck "POWR-LOK® Test"!

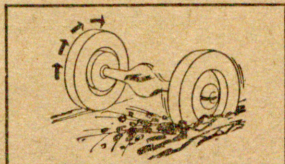

It's next best to having traction power on all four wheels—and the cost is so low!

POWR-LOK is an ingenious new differential that gives power to the rear wheel that has the most traction.

With POWR-LOK you pull through mud holes, loose sand, other slippery places that would normally stop a truck with standard differential.

So don't spin your wheels. Be sure your next truck is an INTERNATIONAL with POWR-LOK differential. Come in and see our convincing test, first chance you get.

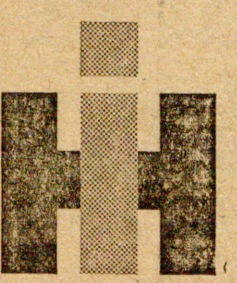

How POWR-LOK Works

With a conventional differential, power goes to the wheel with the least traction. This results in a loss of power—and you're stuck. But with POWR-LOK, power goes to the wheel with the most traction. So long as either wheel can catch hold, you keep moving.

NOW! Only \$35⁰⁰

Factory-installed on a New INTERNATIONAL Truck. Federal and local taxes additional.

INTERNATIONAL TRUCKS cost least to own!

Church Softball Loop Methodists, Lutherans Win

The Methodist and Zion Lutheran teams got away to winning starts when the Tinley Park Church Softball league opened its season last week.

The Methodists beat St. George 6 to 5 and the Lutherans fanned the Reformed 7 to 5.

This week the Reformed outfit will meet the Catholics and the Methodists and Lutherans will play. Games are played Wednesday and Friday evenings beginning at 6:45 o'clock at the Memorial park diamond and fans are assured of some good games.

In the Methodist-Lutheran contest last week the Methodists got their six runs in the first three innings and then held on to gain a one run victory over the St. George outfit.

Russ Andres was the hitting star for the victors, going three for three. The big hit of the contest was Al Bettenhausen's double with the bases loaded, driving in three runs. J. Avis paced the losers with two hits and two runs.

In the game between the Lutherans and the Reformed church the former put two 3-run innings together to win. They were trailing 2 to 1 in the fourth and then surged a head. Logan Rick smacked a triple that figured in a three run spurge and rapped another of the same in the three-run sixth. Art DeGraff, with the scrappy Reformed club, got three hits in four times at the plate.

500 Attend Golf Day for Leland Rayson

About 500 persons attended the Rayson Golf Day held at Southmoor Country club last week. The event was held to aid the campaign of Leland H. Rayson, Tinley Park attorney, and Democratic candidate for Congress from the Fourth district.

Some of the notables attending were Harry Clarke, Bremen committeeman; Leslie Beck, 9th ward of Chicago committeeman; Frank Sain, Democratic candidate for Sheriff, Clara Smollen, Lemont committeewoman and candidate for state representative, Joseph Czekala, Lyons committeeman, and Albert La Plante, assistant Municipal Court Justice.

Also attending the Golf Day was the Rev. Kenneth Crandall of the Tinley Park Methodist church and Father Thomas O'Connell of St. George church, Tinley Park.

Prize winners who attended from Tinley were: Rudy Petan, a golf cart; Clarence Sprague, kitchen utensil set; Pete Seeley, jewelry case; Ralph Jardine, cigarettes; Mrs. Irma Schmidt, beer; and Harold Moore, perfume.

On June 18, Rayson, who is Bremen Township assessor, went on an all-day boat trip on the Cal-Sag waterway as a guest of the East Side Chamber of Commerce.

One of the main planks of his platform is the importance of the Cal-Sag project for the future of the district.

"Credit as an asset is desirable, but cash as an accessory is more so."—Vincent Jones.

Business and Finance

By MAURICE P. ANGLAND

The troubles in the construction industry have been mainly in building of homes and expansion of industrial

building. Home building started to decline in 1935 and industrial building started to decline in 1936 when interest rates started to rise and general business showed signs of slow

ing down.

Ninety days is the usual period between application for a mortgage and start of construction of the home. The A reports that applications for mortgage insurance reached an all time high in May—topping even May, 1930 which was the biggest housing year in history. The applications for mortgage insurance, however, cover both new houses and those already existing.

As could be expected, the easier mortgage terms made possible under government of torts and the larger volume of mortgage money available, has finally made itself felt. A substantial increase in home building will be seen by early fall.

U. S. News and World Report points out that although fewer shopping centers, garages, and restaurants are being built, there has been a marked increase in construction of office buildings and warehouses. This magazine also reports there is no sign of the boom in office building abating.

Electric utilities have been engaged in a record volume of expansion although they are not pressing as hard to secure new facilities as they were for past few years. The past few years found quite a number of utilities with less generation capacity than they thought prudent and some even forced to curtail use of air conditioning in their own home offices to save a few thousand KWH. It was only a few years ago that electric utilities needed 5 per cent in new capital each year, to take care of growth. Today it is calculated that utilities are growing at a rate which requires doubling of capacity every ten years.

Schools, churches, hospitals etc. are going up at a rapid rate and no signs of abatement of this rate.

Public works spending for new construction is showing an increase. The federal highway program is now going ahead to the point where 1938 is expected to be a record year. Due to the fact that the U. S. government assumes up to 90 per cent of the cost of highway projects which fit into the federal plan, some of

the states have shifted their own plans to those where the government is involved.

Schools are next to highways in public building activity. Sewer and water systems of the nation's fast growing suburban areas, are an important factor in increasing total building activity. States and cities are now floating a record number of bonds for such construction. It is not long ago that smaller cities and even some states, had a very difficult time selling their bonds at all.

The construction industry, according to many banks and economists, provides substantial assurance against a depression or serious recession.

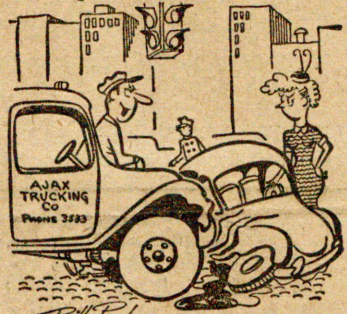

Increase in jobs in the construction field, is a smaller aspect of the importance of this industry to the total economy. No single industry has as heavy an impact on the total business picture. New homes require furniture and appliances. General construction requires steel, cement etc. as well as carriers to handle same.

Savings and Loan to Distribute \$170,000 Dividends

A dividend of approximately \$170,000 will be distributed June 30 to the many savings accounts at Homewood Savings and Loan association. This is at the rate of 3 1/2 per annum. Over 6,500 savers will share in this dividend distribution which is another new high for the association. The above distribution compares with 130,000 distributed in June of 1937.

Total savings have exceeded ten million dollars and assets have increased beyond 11 1/2 million. Both are new highs in the associations continued growth.

Friends Honor Tinley Couple Wed 25 Years

A surprise dinner party held in the home of Mr. and Mrs. Stanley Pacewic of Beverly Hills honored Dr. and Mrs. Clayton Enoch of Tinley Park on June 17. The occasion was the couple's silver wedding anniversary.

The hostess, Mrs. Pacewic, is a sister of Mrs. Enoch.

Attending the celebration were 60 friends and relatives.

The family room of the home where dinner was served was decorated with pink and silver streamers and pink and white carnations. The table centerpiece was a beautifully decorated three tier cake.

The entire affair was a big surprise to Mr. and Mrs. Enoch and was possible thru the efforts of their niece, Mary Kenny, who makes her home with them. She was of invaluable help to her aunt in keeping it secret and helping to invite the guests.

TAKES COURSE—Ralph Rampage, 4600 West 184th street, Country Club Hills, local representative of the Metropolitan Life Insurance Co., has returned from New York City where he participated in a two-week training course on advanced life underwriting techniques and practices.

Mr. Rampage has had an outstandingly successful record in rendering service to policyholders. Recently he was appointed to the position of insurance consultant, in which capacity he will continue to be associated with the company's Chicago Heights district office, at 440 West 14th Street, which is under the supervision of Louis Meyer.

WLS Barn Dance Stars on Bill at Manhattan

Carnival rides, all star baseball games, WLS National Barn dance, parades and cash awards, will highlight the 1938 Manhattan Homecoming to be held Friday, Saturday and Sunday, June 27, 28 and 29, on the Manhattan grade school grounds.

Friday night, the Tri county Small Fry league and Babe Ruth league will play their annual all star baseball games, with the Small Fry game to start at 6 o'clock and the Babe Ruth tilt to follow under the lights.

The WLS National Barn dance, with its entire cast, will broadcast its two Saturday night radio shows direct from the Athletic field at 7:30 and 9:30 o'clock. In case of rain the shows will be staged in the grade school gymnasium.

The Homecoming parade will be held on Sunday afternoon at 1 o'clock. Bands from Lincoln-Way high school, Rockdale grade school, Manhattan grade school and Wesley 4-H group, along with the Mokena VFW Drum and Bugle corps will set the march tempo for the parade. Several military and veterans groups will also be in the line of march along with floats from business firms and organizations. There will also be a division for children and horses.

There will also be ball games Sunday afternoon following the parade.

Sunday evening the homecoming awards will be presented. There will also be awards on Friday and Saturday nights. There are six rides.

June is the best month to apply sprays to control bagworms.

The regular card party of the Ladies Auxiliary VFW will be postponed from June 28 to July 12.

The William Martin Ladies Auxiliary will meet July 2 at 8 pm. in the VFW hall.

Mr. and Mrs. Russell Bettenhausen and Mr. and Mrs. James L. Murphy held open house in the latter's home Sunday in honor of the birthday of their father Mr. Wood. Guests were present from Joliet, Orland Park, Tinley Park, North Chicago and New Lenox.

Jean and Pat Boleman are attending summer school at Western Illinois U. at Macomb.

Mrs. Henry Boleman is employed at Cavett's Drug store in Tinley Park.

Mrs. Willard Munch and daughter Rosemary, Jerrie, Mary Ann and Ruthie spent last week at Coloma, Michigan in a cottage at Paw Paw lake.

Ethel Fee, 11310 W. 193rd st. and Lois Steen reported for jury duty Monday at the County Court.

OPEN HOUSE FRIDAY, JUNE 27th

7 P.M. to 10 P.M. at our **NEW**
JOLIET HEADQUARTERS

Gougar Road at Route 30

(just east of Joliet)

Penny Flame is "pleased as punch" over the new Joliet Headquarters. She'd love to have you drop in at our open house this Friday evening between 7 and 10 to go through the new building and see how well we're equipped to give even better service.

Bring the family. Mom is interested in the newest kitchen and laundry equipment, so she'll enjoy the display of the very latest gas appliances, including the brand new RCA Whirlpool gas refrigerator. They have lots of wonderful automatic features and there will be folks on hand to explain them.

Plan to stop by this Friday for a visit, won't you? The new Headquarters is on Gougar Road at Route 30, that's just east of Joliet. We're looking forward to seeing you.

Cards of Thanks

To all our friends, neighbors and relatives a "Big Thank You" for the wonderful reception at our golden wedding anniversary Sunday afternoon, held in the Orland Park Methodist church; also for the lovely g.f.t.s. and cheerful messages which will always be treasured.
MR. and MRS. A. C. KAY
Orland Park

We sincerely thank our many friends, neighbors and relatives and all who had a part in the reception given in honor of our golden wedding anniversary June 14 in the Midlothian Methodist church; we also are grateful to all who sent lovely cards and gifts. It was

Editorials

The Pros and Cons of Politics

Taking it by and large it is the professional that turns in the best job in any field of endeavor. Naturally there are some pros that thru knack, skill or application, who are better than others. The same holds true for the amateurs.

Broadly speaking the amateurs may be divided into two classes—the gifted and the mine run. The gifted amateur could be described as a pro in all but name and rate of pay. Some of the really top flight amateurs, like in tennis, do very well from a monetary standpoint altho nothing like what they can pull down once they agree to play openly for compensation.

Wilt "The Stilt" Chamberlain who brought considerable news space to the University of Kansas as a basketball player, no doubt made much more money at whatever job he may have been assigned to while in school than that would a student, who was say a miserably six feet in height but such wage was less than peanuts, as the saying goes. Last week "The Stilt" showed the value of higher education by signing up with the Harlem Globetrotters for \$65,000 for six months.

At one time it was customary for amateur athletes to look down their noses at the pros. Not now. Such snobs may discount skill and talent but they respect money. The same is true in the arts. Large monetary rewards have lured top flight bluebloods including various royalties to turn professional.

Why, therefore, people are inclined to look upon a professional politician as something that should be kept under a rock apparently is the exception to the rule that make pros respectable.

Sure, there are dishonest politicians. There are also dishonest bankers, teachers, writers, athletes, preachers, laborers, mechanics et cetera, et cetera. On the other hand most people are honest and the same may be said of politicians.

Politics deals with the art and science of government, and a politician is a person who is experienced in politics.

Why then should people decry politics and politicians and turn to an amateur to handle public affairs. The amateur can be dishonest too and even if he be a knight in shining armor and above and beyond all reproach, he is likely to cost the public far more and turn in a far less commendable job than if the task was turned over to a pro.

Knowing this prejudice on the part of the public against professional politicians some of those engaged in politics, especially those of the egghead stripe, make a point of claiming amateur standing, and some of them cash in on it.

We must confess to being just a mite prejudiced against the amateur in politics who makes capital of his amateurism. And if in

addition to this he is what is known in the trade as a "bleeding heart", then it is indeed time to blow the whistle.

We admit to having had some concern about Sheriff Joseph Lohman. It is not often that one finds an ex-college teacher laboring in the workaday environment that surrounds the sheriff's office. Of course, someone who has political ambitions must start some place and Mr. Lohman had the precedent of the late Alfred Smith who parlayed the offices of sheriff, assemblyman and governor of New York to a bid for the Presidency.

No one can deny that Mr. Lohman lacks political ambitions. He reportedly had his eye on the governorship of Illinois or a seat as U. S. senator and has been campaigning steadily since he has been sheriff.

His outings and baseball league for boys and his frequent appearances before parent groups, plus conferences dealing with juvenile delinquency and his TV talks on such subjects show he is not sleeping.

He was doing fine until the Grimes girls' case popped and if the confession from a young southern migrant had not blown up in his face Mr. Lohman would have been a public hero that he could have dictated his terms to Democrat leaders of Cook county, which is another way of saying the state.

As it is he is party's nominee for state treasurer.

It has been customary for candidates for state treasurer to get contributions for their campaign chests from banks and financial institutions that do business with the treasurer's office. But repercussions from the Hodge affair has made such means quite unpopular.

The situation has had one result, however. Mr. Lohman apparently has made his decision. He no longer is an amateur. The good sheriff has turned pro.

This is attested by a story appearing in the Chicago Tribune last Friday. It recites that Mr. Lohman will finance his campaign, in part at least, by a picnic.

Holding a picnic to raise funds does not cause a politico to lose his amateur standing but the manner in which the tickets are disposed of spells the difference.

According to the story about Mr. Lohman's picnic the tickets are priced at \$10 each. There are 10,000 tickets. Each of his captains must take \$1,000 of the tickets it was stated; each lieutenant, sergeant and the men on the gambling and vice squads are reportedly stuck for \$500 of the pasteboards and each deputy for one.

Members of Mr. Lohman's family, it was explained, do not have to eat these tickets. They can sell them if they find buyers. But if they don't find buyers presumably they have to lay it on the line.

And there folks, you have the pro touch.

Hold Funeral for Della Brown, 50 at Dahlgren, Ill.

Funeral services were held Sunday, June 22, at Dahlgren, Ill., for Mrs. Della Brown, 50, who died Thursday morning June 19, at her home on 145th and Highland ave., in Orland Park after a lingering illness. Burial was in Enfield cemetery.

Mrs. Brown was born Oct. 30, 1907. She and her mother, Mrs. Willia Page, had resided in Orland about eight years.

Surviving besides her mother, are a son Charles of Hickman, Ky., two grandchildren, two sisters, Vernetta Williamson of Chicago, and Modine Laurer of Mt. Vernon, also one brother, Vernon Bloodworth of Wayne, Mich.

Committee for Mentally Ill Seeks Support for Bond Issue

The Civic Committee for Mentally Ill and Retarded in state hospitals and schools, recently formed on a statewide basis in Illinois, is calling for grass-roots support of the referendum to be voted on November 4 which will provide a bond issue of \$248,000,000 for Education and Public Welfare.

Of that bond issue, \$81,000,000 will be made available to rehabilitate existing mental hospitals and schools and to begin construction on additional needed buildings.

The Civic Committee, headed by Budd Gore, President of the Illinois Children's Home and Aid Society, has set forth a plan of community organization to back the bond issue.

ICC Examiner to Resume Hearings On Orland Bus Case Tomorrow

(CNS)—Hearings resume June 27 before the Illinois Commerce Commission on Suburban Transit System's application to provide bus service between Orland Park and Chicago's Loop.

ICC Examiner Harold Poslusny has directed the company's auditor to appear for cross-examination on the firm's financial exhibits.

Attorney's for three bus lines who opposed Suburban Transit's application asked to cross-examine the auditor rather than James Betinis, company president.

Poslusny reported that the City of Chicago is against another bus line coming into the city, a stand that isn't new. The city always comes in trying to keep suburban buses off congested downtown streets, Poslusny pointed out.

The city would rather

have suburban lines come only as far as the rail heads or CTA terminals at the city limits, he said.

Suburban Transit is seeking ICC franchise to operate between Orland Park, Palos Park, Palos Heights, Worth, Chicago Ridge, Oak Lawn, Cicero, Stickney, and Chicago.

Bugs of one sort or another seem to be besetting us from all directions these days. I received a number of calls this week from homeowners who are noticing cotton-like masses on maple trees and other shade trees. These are the trade marks of the cotton maple scale. This scale damages its host plant by piercing the tissue and sucking the sap from the plant. This scale can be controlled with a Malathion spray. Use at the rate of one quart of the 50% emulsion to 100 gallons of water. This treatment will also control oyster shell scale and pine needle scale. Malathion, however, will injure Cannart Juniper.

Red spider mites also seem to be a problem on evergreens and other shrubs. These mites are small and rather difficult to see. The best way to tell if you have them in quantity, is to hold a white dish or piece of paper under the branches and jar the branches very hard. You will notice mites running about on the paper or dish. You can control mites by frequent syringing of the plants with a strong stream of water. The pressure should be strong enough to dislodge both mites and eggs. This should be done frequently. Mites can also be controlled by spraying with Aramite 15W or Chlorol Benzilate 25W.

There are three important dates for 4-H club members to remember: 4-H Federation meeting July 8th at 8:00 p.m., at Tinley Park; Keeping-Fit field day, July 16, 9:00 a.m., at the Carl Sandburg High School; Demonstration contest, 7:00 p.m., Tinley Park Farm Bureau office, July 17.

I have also been called to look at a number of trees which have been badly riddled by tree borers. Borer attacks can be prevented by spraying tree trunks with DDT. Use a quart of the 25% emulsion to 25 gallons of water. This treatment will not kill borers already inside the tree. If the tree is valuable and you wish to save it, probe out the holes with a knife or sharp object, inject Carbon Disulfide into the tunnels and block the hole with putty. Be careful with Carbon Disulfide! It is highly inflammable.

A number of onion set fields in this area are infested with onion maggot. This pest, if not controlled, could cause extensive damage. It appears that this maggot has become resistant to a number of the chemicals used for control in the past.

Bill Luckmann, Entomologist at the University of Illinois, recommends spraying with a half pound of Parathion per acre. In heavy infestations, this spraying should be done every three days. Where the problem is not so severe, weekly spraying should be followed. This chemical will control the adult fly only. Anyone using Parathion should exercise extreme caution.

To operate at full efficiency, air conditioning equipment must have access to air. Make sure the condenser and evaporator coils are clean. If the unit has a filter, be sure it is clean and in good condition. For maximum operating efficiency, the fan blades should be polished.

Tinley Farmer Has Top Herd in D.H.I.A. Tests

In the high herd class according to the report for May of the D.H.I.A. No. 1, as made by Richard Schellhase, tester, Walter Lauffer's herd, Tinley Park, was top for milk and fat, 43.2, 1.72; Valy & Homering, Frankfort, was 42.8, 1.64; Peter Winker, Frankfort 43.1, 1.56; Irvin Holm, Mokena, 34.9, 1.41 and Wilbur Heisner, Manhattan, 41.1, 1.33.

In the high cows, division of milk and fat, first was Walter Lauffer, Tinley Park, 2223, 112; same, second, 2191, 107; Valy & Homering, Frankfort, 2275, 100; Walter Lauffer, again, 1999, 94 and Irvin Holm, Mokena, 2099, 90.

200 Attend Open House When Couple Marks 50th Anniversary

By LILLIAN KNOX
Phone Fieldbrook 9-0211

About 200 friends, neighbors and relatives attended the open house for Mr. and Mrs. A. C. Kay in honor of their 50th wedding anniversary, Sunday afternoon, held in the Orland Park Methodist church. The church was appropriately decorated. Their daughter, Mrs. Hugh Smith of Oak Lawn planned the affair. Refreshments were served.

The Orland Park fire department inhalator was called for William Finny at 156th st. and 116th Ct. last Monday night. The Orland police escorted an ambulance which took the victim to Silver Cross hospital in Joliet. The Columbus Manor rescue squad is ever ready to serve when called, and the Orland police are grateful to them for their prompt response when called.

Laurel Camp, No. 1796, RNA will meet Thursday, June 26 at 8 p.m. in the home of Mildred Shroats. Members are urged to attend.

The Rev. and Mrs. Robert L. Plastow, are the proud parents of a son born Sunday, June 22 in St. Francis hospital, Blue Island. The infant weighed 6 pounds, 9 ounces and has been named John Robert. Mother and son are doing fine.

While at play a week ago Saturday, Priscilla, daughter of Mr. and Mrs. Stanley Cooper fell and broke her left arm below the elbow. She and her brothers were pretending to horse back ride on saw bucks when Priscilla lost her balance and fell to the ground. The arm is in a cast and she is improving nicely.

Edward Cowan of Palos Park is a patient in St. Francis hospital, Blue Island. His daughter, Mrs. Edna Hewson and son Lloyd reside in Orland and son Ira, in Palos Park.

Mrs. Frank Buck and daughter Linda spent four days with her father O. F. Johnson in St. Paul, Minn. He has been ill for some time. Her sister, Mrs. Vivian Shoop of Pasadena, Calif. was visiting her father at the same time.

Joliet Council, R. and S. M. to Hold Public Installation

Joliet Council, No. 82, Royal and Select Masons, which has a number of members in the area, will install its new officers Saturday night, June 28, at 8 o'clock in the Joliet Masonic temple, 129 E. Jefferson st. The installation is open to the public.

Haldane W. Baen, of Champaign, an officer of the Illinois grand council, will be the installing officer. He will be assisted by Lester J. Love, Howard M. Snapp, Jr., and A. S. Alderman, all thrice illustrious masters of Joliet Council.

Officers to be installed are: Jesse A. McCasland, Wilmington, thrice illustrious master; Joseph G. Blick, Joliet, illustrious deputy master; Christopher Tarran, Wilmington, principal conductor of the work; Edmund B. Erb, Joliet, treasurer; Harry A. Schroeder, Joliet, recorder; Russell D. Shields, Morris, captain of the guard; Howard L. Mead, Joliet, conductor of the council; George T. Austin, Wilmington, steward; George Erickson, Jr., marshal; John Kolb, Wilmington, chaplain and immediate past thrice illustrious master; Edward R. Mather, Joliet, sentinel; Arthur J. Lambert, Joliet, organist; John R. Williamson, Joliet, custodian of property and Charles I. Rauworth, Manhattan, electrician.

"A good father, finding his son on the wrong, will provide switching facilities."

"A woman who's too tired for words will usually tell you all about it."—Franklin P. Jones.

Life Resident of Orland Dies After Long Illness

Funeral services for Mrs. Amanda Jordon, a lifetime resident of Orland, were held Monday, June 23 from the Schmaedeke Funeral home to St. Matthew Lutheran church in Lemont. The Rev. Gilbert Schaller officiated. Burial was in the church cemetery.

Mrs. Jordon, who died Thursday, June 19 in St. Joseph's hospital, Joliet, after a lingering illness, was born on a farm at 127th and Will Cook rd. on Jan. 12, 1907 and lived there all her life.

She is survived by her husband, Ernest, two sons, Robert and Lyle, and one daughter, Carole; also four brothers Adolph and William Oelke of Lemont, and Gust and Paul Oelke, of Orland, and two sisters, Mrs. Anna Uthe and Mrs. Bertha Nicolai, both of Orland.

Egotist: one who remembers big.

Mrs. Ellen Hansen, 85, Dies at Home; Rites Wednesday

Funeral services for Mrs. Ellen Hansen, 85, nee Van Elbe gen, were held Wednesday at the Schmaedeke Funeral Home in Orland Park. The Rev. Robert L. Plastow officiated. Burial was in the Orland Memorial Park cemetery.

Mrs. Hansen died Sunday afternoon, June 22, in her home at 145th and Highland ave., Orland Park.

She was born Nov. 10, 1872 in New Kneelen, Wis. She resided in Orland since 1921.

Surviving are two daughters, Iva M. Hansen, and Mrs. Evelyn Manning; also two sisters, Mrs. Agnes McCormack of Wauwatosa, Wis. and Mrs. Susan Lundy of Phoenix, Ariz. four grandsons, Edward, Elmer, Robert and Richard Manning, and six great grandchildren.

Coley-Jeffers

Tinley Park Couple Wed Saturday

A Tinley Park couple, Judith Coley and Thomas R. Jeffers, were married in the Tinley Park Methodist church at a four o'clock service on Saturday, June 21.

Judy is the daughter of Mr. and Mrs. H. J. Coley, 6658 Parkside drive, the groom is the son of Mr. and Mrs. William Zimmerman, 17502 - 65th ave.

The Rev. Kenneth Crandall officiated at the ceremony.

Palms and white gladioli decorated the altar and pews. Walter Wehr served as organist and soloist. Shirlee Guth sang, "Oh Promise Me" and "I Love You Truly".

The bride, escorted down the aisle by her father, wore a portrait gown of Chantilly lace and tulle. Her fingertip veil fell from a coronet of Chantilly lace, adorned with sequins and pearls. Her bridal bouquet was of white roses, stephanotis and ivy.

The matron of honor was Mrs. Lucy Smith, whose floor length gown was of yellow net and lace. She wore a crown of yellow sequins and pearls with a small veil of tulle. Her bouquet was talisman roses.

The gowns of the three bridesmaids, who were Roberta Nolte, Peggi Coley, and Anita Jazo, were identical to the one worn by the matron of honor except the color of each respectively, was aqua, pink, and mint green. They carried starlike bouquets of pink and white carnations.

Serving the groom as best man was John Lovegren. The ushers were Charles Zimmerman, Fred Roessler, and Harold Coley, brother of the bride.

The bride's mother wore a yellow batiste trapeze dress with white accessories. The groom's mother was dressed in a print taffeta of pink on blue with an overskirt of nylon. Both wore corsages of white carnations.

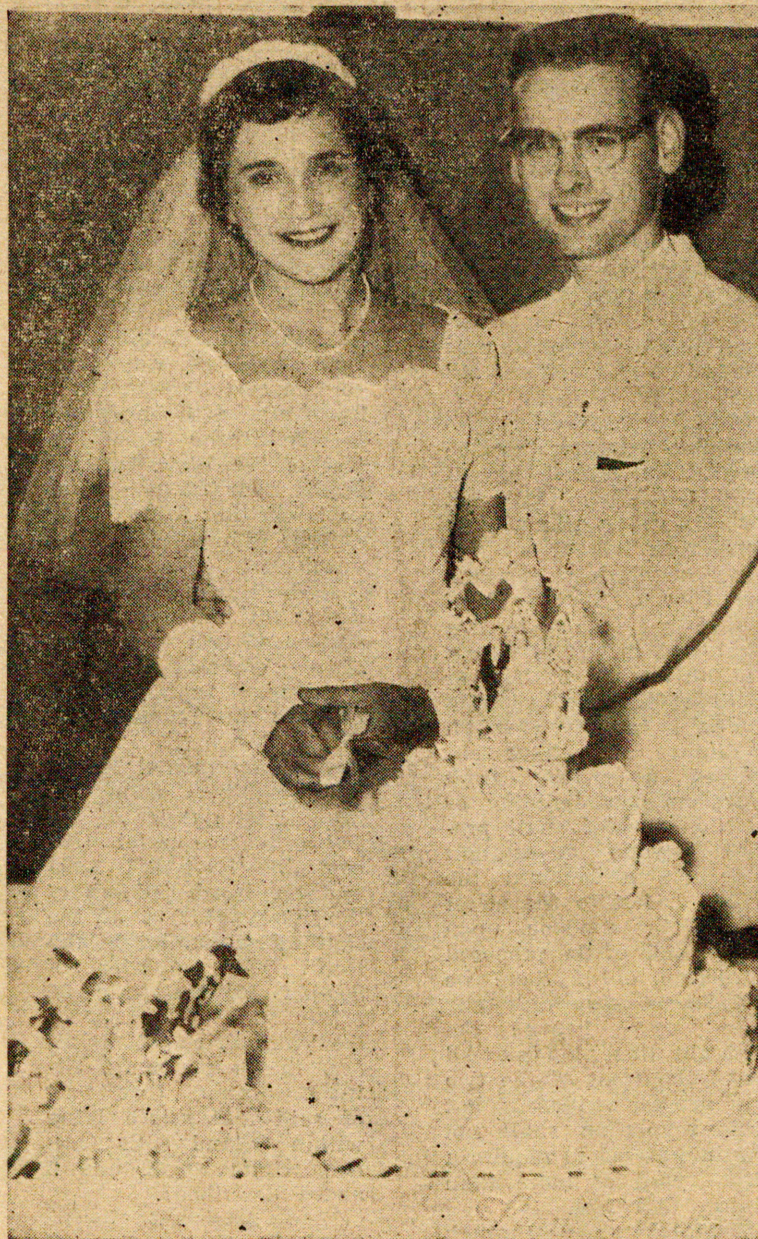

Grandparents of the couple who attended the wedding were Mr. and Mrs. R. Branigan, Mr. and Mrs. William Coley, Mrs. F. C. Zimmerman, and Mrs. R. S. Erickson.

A reception for 250 guests was held in the Tinley VFW hall, where a buffet supper was served by members of the Ladies auxiliary.

The young couple motored to Wisconsin for a honeymoon trip. On their return they will make their home at 14812 Cicero ave., Oak Forest.

The bride is employed at the Continental Casualty Co. and the groom at the Rock Island railroad.

Lending a helping hand to a friend in trouble you can be certain of one thing... he's sure to remember you the next time he's in trouble.

Mr. and Mrs. Cecil Ambuehl (Leon Studio photo)

Kay Carlson-Cecil Ambuehl Say Vows in Faith Lutheran Church

Kay Carlson, daughter of Mr. and Mrs. Waldmar A. Carlson, of 1215 Glenwood, Joliet, and Cecil R. Ambuehl, son of Mr. and Mrs. Donald Ambuehl, of Front st., Mokena, were married June 14 in the Faith Lutheran church in Joliet. The Rev. J. J. Lipodt officiated at the double ring ceremony.

Bouquets of white carnations were on the altar and potted greens decorated the church. The candles were lit by Walter Carlson, brother of the bride.

The organist was Mrs. William Kozma of Joliet. The soloist, Fred Fisher, sang "O Promise Me" and "The Lord's Prayer."

Escorted down the aisle by her father, the bride was radiant in white ballerina length gown of nylon organza, trimmed with lace inserts and white sequins. She wore a pearl necklace, a gift of the groom. Her bouquet was an orchid surrounded with white stephanotis.

The maid of honor, Miss Ann Ugland, wore a ballerina length light blue nylon organza gown. Her pearls and earrings were a gift of the bride.

The bridesmaids, Miss Florence Klippel and Miss Barbara Fant, also wore ballerina length light blue organza dresses, with U-shaped blue crowns with blue veil. Their jewelry, also a gift of the bride, was pearl necklace and earrings.

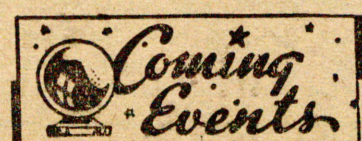

The best man was Harold Ambuehl, brother of the groom. The ushers were John Irvin of Indianapolis, Ind. and Ernest Boott, of Springfield.

The bride's mother wore a gown of steel blue with white accessories and the groom's mother a dress of light blue and white accessories.

Present at the wedding were the groom's grandparents from Farina, Ill.

A reception was held following the ceremony at the church for 85 guests, from Chicago, Evanston, Harvey, Midlothian, Tinley Park, New Lenox, Mokena, Joliet, Clinton, Iowa, Green Bay, Wis., and North Hollywood, Calif.

The young couple spent a short honeymoon at the Wisconsin Dells.

July 2—Ice cream social Frankfort Methodist church, 5 p.m.

Fri., July 11—Bake Sale, National Tea store, Tinley Park, 11 a.m. - 4 p.m., by Bremen Post 2791, VFW.

"We used to hear so much about youngsters running away from home to get married. In this day and time they get married and then run back home."

VFW Auxiliary Members Attend State Conclave

The Veterans of Foreign Wars convention held in Rockford June 12 to 15, was attended by 20 members of the Bremen Post and Auxiliary. Attending the parade held Saturday was the former Mayor of Tinley Park, Frank Jeffords and Mrs. Jeffords.

Those attending reported at the Auxiliary meeting on June 17, that the military parade was spectacular and beautiful to watch. It was led by the Fifth Army band and continued for 3½ hours.

All delegates, alternates and guests report a most enjoyable time.

The newly elected State President of the Auxiliary is Mrs. Rose Capek, who is wished much luck and success in the coming year.

A friendly welcome was given to new member, Mrs. Stephen Rourke.

Members express sympathy to Mrs. J. C. Elliott on the death of her sister.

The business meeting, conducted by Mrs. M. S. Morrison, president, was followed by a social hour.

Hostesses for the evening were Mrs. Harold Larimore and Mrs. William Nagel. The birthday girl was Mrs. Alvin Miller.

thimbles and rick-rac, was well received at the Oak Forest Infirmary. A letter of thanks was read by Mrs. John Swisher.

Mrs. R. J. Hug, publicity chairman, thanked the TINLEY PARK TIMES for the publicity given the club.

The club president, Mrs. Robert Memhard, appointed Mesdames Moss, Werth and Hug to serve on the nominating committee, and Mesdames Panozzo, Anderson, and Mancke, on the auditing committee.

The luncheon table was centered with an attractive arrangement of white stock, red roses and tea leaves.

Garden Club Members Hear Talk on Bulbs

Members of the Tinley Park Garden club enjoyed viewing slides of Scotland, Denmark, and Norway at the meeting last Thursday in the home of Mrs. Elwood Klepper. They were shown by Mrs. Ing Nielsen of Palos Heights who with her husband visited these countries last year.

A talk on tulips and other bulbs was given by C. J. Sippel of Mokena.

Four Passion flower blossoms, sent to her by a niece in Fort Lauderdale, Fla., were brought to the meeting by Mrs. Bert Fulton, so the Garden club members might see them.

Chairman reports given at the meeting included that the donation of 1,000 magazines, some leather purses, a large box of materials, thread,

Mission Guild Makes Plans for Summer

The Mission Guild of the Zion Lutheran church made plans at the meeting last week to send a delegate to the national convention to be held in Denver, Colo., in September.

The Guild will serve refreshments to the children attending the Daily Vacation Bible school in July.

The members and families will attend a picnic on July 20 at Wicker park.

Preceding the business meeting, devotions were given by Mrs. Ann Flauto.

Guests present were Mrs. Fred Profke, president of a Chicago Woman's Mission Guild; Miss Helda Kaufman, also of Chicago; Wilma Owens, Carol Henke, Bernice Bettenhausen, and Ruth Wannenmacher.

A resume of activities of the Guild was given by President, Carolyn Deck. Minnie Heed read an article on various customs in India.

Refreshments were served by Christine Masley and Grace Suhs.

Patricia Spanola, Plan July Wedding

Mr. and Mrs. Joseph L. Spanola of Orland Park announce the approaching marriage of their daughter, Patricia Ann, to Wayne H. Willis, son of Mr. and Mrs. Ralph Willis of Tinley Park. The wedding will take place July 12 at St. George Catholic church, Tinley Park.

Don't worry about finding your station in life. Someone will tell you where to get off.

LEGAL NOTICES

LEGAL NOTICE STATE OF ILLINOIS COUNTY OF COOK VILLAGE OF ORLAND PARK NOTICE OF PUBLIC HEARING ON AMENDMENT TO ZONING ORDINANCE BOARD OF APPEALS

NOTICE IS HEREBY GIVEN that a public hearing will be held at 8 o'clock P. M., Central Daylight Saving Time, on Tuesday, July 15, 1958, in the Village Meeting Hall, located at 9924 West 143rd Place, in the Village of Orland Park, Cook County, Illinois, to consider an ordinance amending that certain ordinance entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, etc.", adopted February 23, 1931 and approved February 27, 1931, also known as the Zoning Ordinance of the Village of Orland Park, Cook County, Illinois, Ordinance No. 32, as heretofore amended, and as amended by Ordinance No. 150, Revised Zoning Ordinance of 1957, as amended, the text of said amending ordinance being as follows:

ORDINANCE NO. —
An Ordinance Amending That Certain Ordinance Entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, Etc." Adopted February 23, 1931 and Approved February 27, 1931. Also Known as the Zoning Ordinance of the Village of Orland Park Cook County, Illinois, Ordinance No. 32, As Heretofore Amended and as Amended by Ordinance No. 150, Revised Zoning Ordinance of 1957, as amended.
BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Cook County, Illinois, as follows:

Section 1
AMENDMENTS. (A) That the following parts or portions of various sections of Ordinance No. 150, Revised Zoning Ordinance of 1957, as amended, said ordinance being an amendment of that certain ordinance entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, etc.", adopted February 23, 1931 and approved February 27, 1931, also known as the Zoning Ordinance of the Village of Orland Park, Cook County, Illinois, Ordinance No. 32, as heretofore amended, be amended in the following respects:

That the definition of accessory building as set forth in SECTION II. Construction—Definitions, be amended to read as follows:

Accessory Building: A subordinate building or portion of the main building, the use of which is incidental to that of the main building.

That the first paragraph of SECTION III. Districts Regulations entitled Districts: Boundaries, be amended to read as follows:

In order to classify, regulate and restrict the locations of residences, trades and industries, and the location of buildings designed for specific uses, and to degulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the intensity of the use of lot areas, to regulate and determine the area of yards, courts and other open spaces within and surrounding such buildings, the Village of Orland Park is hereby divided into six (6) districts. The use, height and area regulation shall be uniform within each district and said districts shall be known as follows:

Class "A" Residential District;
Class "AA" Residential District;
Class "B" Residential District;
Class "C" Commercial District;
Class "D" Light Industrial District;
Class "E" Heavy Industrial District.
That Subsection 4, Side Yard, of the Area Regulations set forth in SECTION IV. Class "A" Residential District Regulations, be amended to read as follows:

Regulations, be amended to read as follows:

Intensity of Use. No building with its accessory buildings shall occupy more than thirty (30) percent of the area of an interior lot nor more than thirty-five (35) percent of the area of a corner lot. No dwelling shall be hereafter erected or altered on any lot of less area than ten thousand (10,000) square feet. Interior lots shall have a minimum width of eighty (80) feet at the building line and sixty (60) feet at the front and rear lot lines and corner lots shall have a minimum width of ninety (90) feet at the building line and seventy (70) feet at the front and rear lot lines. The building line as used herein shall be that boundary line of the front yard which lies opposite the street line thereof.

That that part of the second paragraph of the Subsection entitled Intensity of Use of SECTION IV. Class "A" Residential District Regulations, reading:

Compliance shall in all instances be made with the front, side and rear yard regulations of this district.

be amended to read as follows:

Compliance shall in all instances be made with the front and rear yard regulations of this district, and there shall be added to said paragraph the following, to wit:

On a lot of record that contains less area or is not as wide as the regulations hereinabove set forth on which a single family dwelling may be erected as in this paragraph provided, a side yard on each side of said lot shall be provided, the width of which shall not be reduced at any point to less than ten (10) percent of the width of said lot at the building line as defined in this Section for any said lot thirty-nine (39) feet or less in width at said building line, and not less than fifteen (15) percent of the width of said lot at the building line as defined in this Section for any said lot more than thirty-nine (39) feet in width at said building line.

That the first paragraph of the Subsection entitled Intensity of Use of SECTION V. Class "B" Residential District Regulations, be amended to read as follows:

Intensity of Use. No building with its accessory buildings shall occupy more than forty (40) percent of the area of an interior lot or more than fifty (50) percent of the area of a corner lot. No single family dwelling shall hereafter be erected or altered on any lot of less area than ten thousand (10,000) square feet. No apartment building, boarding or lodging house shall hereafter be erected or altered to accommodate or make provision for more than one (1) family for each five thousand (5,000) square feet of lot area. Lots shall have a minimum width of eighty (80) feet at the building line and sixty (60) feet at the front and rear lot lines. The building line as used herein shall be that boundary line of the front yard which lies opposite the street line thereof.

That that part of the second paragraph of the Subsection entitled Intensity of Use of SECTION V. Class "B" Residential District Regulations, reading:

Compliance shall in all instances be made with the front, side and rear yard regulations of this district.

be amended to read as follows:

Compliance shall in all instances be made with the front and rear yard regulations of this district, and there shall be added to said paragraph the following, to wit:

lot at the building line as defined in this Section for any said lot thirty-nine (39) feet or less in width at said building line, and not less than fifteen (15) percent of the width of said lot at the building line as defined in this Section for any said lot more than thirty-nine (39) feet in width at said building line.

That Subsection 1, Front Yard set forth under the title Area Regulations of SECTION IV. Class "C" Commercial District Regulations, be amended to read as follows:

1. Front Yard. No front yard shall be required in the Class "C" Commercial District except in the following instances:

a. No building or any part thereof or any structure on any lot shall hereafter be erected or altered so as to be located nearer than fifty-five (55) feet from the center line of that part of 143rd Street lying West of the West line of United States Route 45.
b. No building or any part thereof or any structure on any lot shall hereafter be erected or altered so as to be located nearer than seventy-five (75) feet from the street line of United States Route 45 and that part of 143rd Street lying East of the East line of United States Route 45.
c. No building or any part thereof or any structure on any lot shall hereafter be erected or altered so as to be located nearer than seventy-five (75) feet from the street line on any street that may intersect United States Route 45 or that part of 143rd Street lying East of the East line of United States Route 45 on which street the "C" Commercial District extends North or South of 143rd Street or East or West of said Route 45 from said intersection.
d. In areas having a "C" Commercial frontage of one thousand (1,000) feet or less and in a block surrounded by a residential district where no other front yard is provided for in this Ordinance, the front yard requirements of the residential district shall be required.

That the title of the first paragraph entitled Intensity of Use in SECTION VII. Class "D" Light Industrial District Regulations, be amended to read Use Regulations.

That Subsection 1, Front Yard set forth under the title Area Regulations in SECTION VII. Class "D" Light Industrial District Regulations, be amended to read as follows:

1. Front Yard. No front yard shall be required in the "D" Light Industrial District except that on 143rd Street and United States Route 45 no building or any part thereof on any lot shall hereafter be erected or altered so as to be located nearer than seventy-five (75) feet from the street line.

That Subsection 1, Front Yard set forth under the title Area Regulations in SECTION VIII. Class "E" Heavy Industrial District Regulations, be amended to read as follows:

1. Front Yard. No front yard shall be required in the "E" Heavy Industrial District except that on 143rd Street and United States Route 45 no building or any part thereof on any lot shall hereafter be erected or altered so as to be located nearer than seventy-five (75) feet from the street line.

That the first paragraph of SECTION XVI. Violation - Penalty, be amended to read as follows:

Any person violating any provision of this Ordinance or resisting the enforcement thereof shall, upon conviction, be fined not less than twenty-five (25) dollars and not more than two hundred (200) dollars for each offense. Each day such violation shall continue shall constitute a separate offense.

(B) That Ordinance No. 150, Revised Zoning Ordinance of 1957, as amended, said ordinance being an amendment of that certain ordinance entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, etc.", adopted February 23, 1931 and approved February 27, 1931, also known as the Zoning Ordinance of the Village of Orland Park, Cook County, Illinois, Ordinance No.

32, as heretofore amended, be amended by adding thereto the following section, said section to be inserted immediately following the provisions of SECTION IV. Class "A" Residential District Regulations. SECTION IV. AA Class "AA" Residential District Regulations.

In the Class "AA" Residential District, no building or premises shall be used and no building or structure shall be erected or designed to be used for other than the principal uses or incidental uses permitted in the Class "A" Residential District.

Height Regulations. No Building hereafter shall be erected or altered exceeding thirty-five (35) feet or two and one-half (2½) stories in height.

Area Regulations. 1. There shall be a front yard of not less than twenty-five (25) feet in depth, except if thirty (30) percent or more of the frontage of a block is improved with buildings that have observed a greater front yard no new building or portion thereof shall project beyond a straight line drawn between the point closest to the street line of the residence upon either side of the proposed structure of if there be residences upon only one side, then beyond the straight line projected from the front of the two (2) nearest residences, but this regulation shall not be interpreted to require a front yard of more than thirty (30) feet.

2. Buildings on through lots shall provide the required front yard on both street frontages.

3. Where front yards have been established or may be established on each of two (2) intersecting streets, there shall be a front yard on each street side of the corner lot. No accessory buildings on a corner lot shall project beyond the building line into the front yard.

4. Side Yard. There shall be a side yard on each side of the lot the width of which shall not be reduced to less than five (5) feet at any point.

5. Rear Yard. There shall be a rear yard of not less than fifteen (15) feet.

Intensity of Use. No building with its accessory buildings shall occupy more than thirty (30) percent of the area of an interior lot nor more than thirty-five (35) percent of the area of a corner lot. No dwelling shall be hereafter erected or altered on any lot of less area than seven thousand five hundred (7,500) square feet. Interior lots shall have a minimum width of sixty (60) feet at the building line and forty (40) feet at the front and rear lot lines and corner lots shall have a minimum width of seventy (70) feet at the building line and fifty (50) feet at the front and rear lot lines. The building line as used herein shall be that boundary line of the front yard which lies opposite the street line thereof.

No separate building or structure shall be erected between the front wall of an existing main building or structure and the street line. Only one (1) main building shall be erected on any lot.

(C) That the Zone Map which accompanies and is a part of the ordinance entitled "Revised Zoning Ordinance of 1957, Village of Orland Park", Ordinance No. 150, as amended, said ordinance being an amendment of that certain ordinance entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, etc." adopted February 23, 1931 and approved February 27, 1931, also known as the Zoning Ordinance of the Village of Orland Park, Cook County, Illinois, Ordinance No. 32, as heretofore amended, be amended by including in the Class "AA", Residential District, the following described real estate to wit:

Orland Hills Gardens Unit No. 1, being a Subdivision of part of the Southwest quarter of Section 9, and part of the North half of the Northwest quarter of Section 16, and part of the Northeast quarter of Section 17, all in Township 36 North, Range 12, East of the Third Principal Meridian, in Cook County, Illinois;

Orland Hills Garden Unit No. 2, being a Subdivision of part of the South West quarter of Section 9, and part of the North half of the North West quarter of Section 16, all in Township 36 North, Range 12, East of the Third Principal Meridian, in Cook County, Illinois;

That part of the South West quarter of Section 9, Township 36 North, Range 12, East of the Third Principal Meridian, lying East of the Wabash, St. Louis and Pacific Railroad right of way (excepting therefrom the East 253 feet) and (excepting therefrom the North 25 feet of the West 429 feet of the East 682 feet); that part of the North West quarter of Section 16 and the North East quarter of Section 17, all lying east of the Wabash, St. Louis and Pacific Railroad right of way in Township 36 North, Range 12, East of the Third Principal Meridian, together with the North East quarter of the North West quarter (except the East 644 feet) and the North 50 feet of the East 644 feet of the North East quarter of the North West quarter of Section 16, Township 36 North, Range 12, East of the Third Principal Meridian, in Cook County, Illinois, (except that part of said real estate lying within Orland Hills Gardens Units No. 1 and 2 above described).

Section 2
REPEAL. That all ordinances or parts of ordinances in conflict with the provisions hereof are hereby repealed in so far as they conflict herewith.

Section 3
EFFECTIVE DATE. That this ordinance shall take effect and be in full force from and after its passage, approval and publication in the manner prescribed by law.

case on Houpt's motion. Houpt said county inspectors informed him the Arnold brothers are repairing autos and are within their rights to do that under the zoning ordinance.
The brothers operate an auto repair garage at the southwest corner of 119th street and Harlem ave.
Part of the land is zoned as a business district and the balance of the 3.5 acre tract is zoned residential.
The county board last February denied the brothers' petition to rezone the residential section to heavy industry district.
The brothers, who said they wanted rezoning to permit storage of wrecked autos, had proposed to landscape the tract and enclose it with an 8 foot high fence.
Rejection of the zoning request was recommended by the county zoning board and Palos Park officials.
The site is within the boundaries of the unincorporated community of Palos Heights which has been developed as a single family residential area with a retail shopping district along Harlem ave.

tors, often bring as much as \$1500 and more for an unusual specimen.
The Rexall replica of this prized antique is mounted on a black walnut pedestal with a plaque inscribed with Mr. Elliott's store name and signed by John Bowles, president of the company's Rexall Division. It is on display at the store's prescription department.

Drop Charges in Palos Auto Wrecker Case
(CNS) Charges against John and Robert Arnold of dismantling and wrecking autos without a permit in a Palos township business district have been dropped by the state's attorney's office.
Assistant State's Attorney Richard Houpt said the violation, if any, has been corrected according to the county building and zoning bureau.
Acting County Judge John M. Hollenbeck dismissed the

Returned Missionaries to Show Films at Bible Church Sunday

By DELORES ANDERSON
New Lenox 3651

The Rev. Sterling Stewart, missionary to El Salvador, Central America, will be at the New Lenox Bible church this Sunday June 29, at the 7 o'clock service. He will show colored films of the missionary work he was engaged in mainly in the city of San Ann.

The Rev. Stewart and wife teach at the Bethel temple and Bible institute in addition to general missionary work.

Arriving in the states last October, after a 5 year term, they will return to San Ann this fall with their family.

The New Lenox Bible church has helped in the support of the Stewarts for nine years, from the beginning of their service in Central America.

The public is invited to attend and share the experience of this mission field, in films this Sunday night.

The New Lenox Toastmasters met for their dinner and program Monday, June 16 in the Methodist church at 7 pm. Toastmaster was Elias Brown, and topic master was Lewis Loebe. Speakers for the evening were John Burlingame, Earl Moss, John Richison and Stanley Gilmore; master evaluator, George Kemp; evaluators, Kenneth Tauber, Harold Behen, William Clark, and Lester Brown; invocation, William Steen and timekeeper, William Wilson.

The next meeting on June 30 will be a high point of the year, when Ladies Night will be observed. It will be held at the home of Mr. and Mrs. William Wilson. A picnic supper will be served.

Ben Martin, Lincoln highway, underwent major surgery in St. Joseph's hospital last week.

Those interested in the Junior and Senior life saving classes, and the adult swim classes, given by the American Red Cross, this summer are asked to call Mrs. Stanley Ekedahl at 8330. Minimum age for the junior group is 12, and the minimum age for the seniors is 16.

The Misses Margaret Campbell, Arlene Otis, Dotie Jean Anderson, and Carol Massey are enjoying this week, vacationing on Goshorn Lake, at Saugatuck, Mich. Mr. and Mrs. James Campbell took the girls there last Saturday morning.

The annual carnival sponsored by Grace Episcopal church, will be held July 19 on the church grounds. There will be games as usual, parcel post etc. Supper will be available starting at 5 pm.

Mrs. Vera Schild and children Gary and Kathi of Algonquin, spent a few days last week with Mrs. Laura Morris.

Mr. and Mrs. Harvey Cross, Mr. and Mrs. Dean Roberts and family, Mr. and Mrs. Glen Batson and family, and Mr. and Mrs. Edward Morris, all of New Lenox; Mr. and Mrs. Harold Sayers and family, Mokena; and Mr. and Mrs. Clark Watkins and family, Manhattan, attended the Watkins family reunion Sunday at the home of Mr. and Mrs. Albert Watkins at Waterman.

Miss Mary Jane Gougar entertained at dinner in her home last Friday night Mr. and Mrs. Harry Mason of Danville; Mr. and Mrs. Harry Gougar and daughter Heide, Rockford; Mr. and Mrs. Walter Gougar, Jr. and family; and Mr. and Mrs. Chris Kruspe. Mrs. Norman Roth, formerly of New Lenox, is now confined in a Nursing home, at Winter Park, Fla. Mrs. Roth, who is 96 years old, would enjoy hearing from her New Lenox friends. Her address is Mrs. Elizabeth Roth, care Seals Nursing Home, 647 Harold ave., Winter Park, Fla.

Mr. and Mrs. Chris Kruspe attended the golden wedding anniversaries of Mr. and Mrs. Archie Kay in the Methodist church at Orlando, and of Mr. and Mrs. Conrad Utke, in their home in Orlando Park, this last weekend.

Miss Vivienne Steinbrenner daughter of Mr. and Mrs. Walter Steinbrenner, North Cedar road, graduated Wednesday night, June 25 from the Oglesby school for the blind, in Chicago. After spending the summer months here with her family, she will go to Jackson ville to attend high school.

The Bluebirds 4H club met June 17 in the home of their leader, Mrs. Gus Termunde. Talks and demonstrations were given by Doreen Smith, Mary Ann Sampson, Judy Termunde, Judy Martin, Georgia Handorf, Connie Corp, Carol Hammond, Joyce Kempe, Jeanne Peters, Susan Webb, Karen Cook and Charlotte Chandler. The next meeting will be July 1.

Mr. and Mrs. Earl Strassenburg of Orlando, Fla., former New Lenox residents, are visiting in Baltimore and New York with their daughter Emma and the E. V. Kruspe family at Silver Springs, Md.

A meeting of the New Lenox Garden club will be held July 10 at 1:30 pm. in the home of Mrs. Lee Skiniotes. After

the meeting the members will have the pleasure of viewing Mrs. Skiniotes garden, and will then make a tour of the garden of Mrs. Louise Rowe, and Mrs. Madelyn Miller. Co-hostesses will be Mrs. Eunice Vally, Mrs. Romaine Hassert, and Mrs. Janice Jencon.

Buses leave Haven grade school each morning Monday thru Friday at 8:15 a.m. for Nowell park pool, for the Red Cross swimming lessons.

The Womens League of Trinity Lutheran church held their mission meeting Wednesday night June 25 in the church. Following their business meeting, a movie entitled "Younger Brother" was shown. Christian Knowledge was given by Evelyn Bowman, and hostesses were Grace Mitchell, Margene Zarse and Viola Jones.

Lincolnwood

New Telephone Service in Area

By DELORES ANDERSON
Phone New Lenox 3651

City phone service is being installed this month in Lincolnwood Hills, to take place of the country service or 8 party lines used up till now. About half of the new phones already have been changed. Residents will now have either 2 or 4 party or private lines.

Leonard Konkel returned last Thursday from Labrador, where he spent the past six months on business.

Jaclyn Newsome spent the past weekend with her grandmother, Mrs. Helen Newsome in Chicago.

Cub Scouts Pack 41 spent Tuesday, June 17 at Riverview Park in Chicago. This trip took the place of their regular meeting. The following mothers accompanied them Mrs. Vernon Newsome.

Mrs. Fred Cortright, Mrs. Leonard Konkel, Mrs. Rose Baher, and Mrs. Richard Pokorny.

Mr. and Mrs. William Malloy and family, and Mr. and Mrs. D. M. Owen and family attended the wedding Saturday, June 14th of Mrs. Malloys and Mrs. Owens brother, Neil Sullivan at Highland, Ind.

Cub Scouts of Pack 41 of Lincolnwood held their pack meeting Friday night at Van Horn woods. Business for the next two months was discussed, as pack meetings for the summer will be discontinued. Den meetings will continue each week thru the summer, and starting July 1, Mrs. Vernon Newsome will take over the Den Mother duties, relieving Mrs. Fred Cortright. Mrs. Ralph Oldt will be the assistant den mother.

A marshmallow roast was enjoyed after the meeting.

Mrs. Harold Wallenhaupt attended a party Sunday for her niece Mrs. Frank G. Sabiaek, in the home of Mrs. Richard Artwohl at Oak Lawn.

Members of Cub Scout Den 1 spent Wednesday at the Boy Scout reservation in Morris.

Mr. and Mrs. Clifford White are the parents of a daughter born Friday, June 20 in Silver Cross hospital.

Skiing is the perfect exercise for a French premier, in the view of former Premier Mendes-France—because it teaches him how to fall.

Marley

Church Society Views Films on Gift Program

By VIRGINIA SASS
Phone New Lenox 3133

The June meeting of the Missionary society was held at the Marley church Wednesday afternoon. The hostesses were Mrs. Robert Sproat, Mrs. Alfred Sproat, Mrs. William Martin and Mrs. Durward Killinger. The devotions were given by Mrs. Russell Lauffer. Mrs. Charles Sass presented a "Love Gift Program," showing a film on "The Love Gift Dollar."

Kathy Martin underwent a tonsilectomy Friday in Silver Cross hospital.

Jimmy Handorf underwent

eye surgery Friday in Silver Cross hospital.

Mr. and Mrs. Charles Sass and family visited relatives in Rockford Saturday. Their son, Larry, returned home with them after spending two weeks at the YMCA camp in Wis.

Mr. and Mrs. Clayton Cleveland were guests Saturday evening of Mr. and Mrs. James Hisehler in Joliet.

Mr. and Mrs. Daniel Sass attended a Parker High school alumni reunion at the Jaycey Restaurant in Chicago Saturday evening.

Mr. and Mrs. Clayton Cleveland were entertained Sunday night in the home of Mr. and Mrs. Ed Malnar in Tinley Park.

The best time to renew a strawberry bed is in early summer immediately after the crop is harvested.

"Stumpfyre" is a new chemical mixture that destroys stumps by burning. For full information on this process, write to the University of Illinois College of Agriculture, Urbana, for the new Circular 795, "Burning Tree Stumps with Stumpfyre."

Natural drying has removed most of the excess moisture from corn stored on many Illinois farms last fall. The moisture content now averages about 1/2 percentage point above the long-time average, according to University of Illinois agricultural economists.

FRANKFORT CITIES SERVICE

Cities Service Oil & Gas

"Service is Our Best Product"

Phone 2091

Frankfort, Ill.

This is Texas Eastern...

12 trillion cubic feet of gas on tap for tomorrow

More than 12 trillion (12,158,200,000,000) cubic feet of natural gas — under contract in hundreds of oil and gas fields—represents, as of now, Texas Eastern's reserves for the future. It is a figure that is continually being revised — upward — and for good reason.

New oil and gas fields are constantly being discovered to keep pace with ever-increasing demand for this clean, economical fuel.

Back in the company's first year, 1947, when deliveries amounted to a modest 40 billion cubic feet, the company's reserves were estimated at 2.336 trillion cubic feet.

Today, with annual sales topping 500 billion cubic feet, reserves exceed sales by more than twenty to one.

These reserves are located in oil and gas fields in the picturesque parishes of northern and southern Louisiana, in historic East Texas... offshore in the Gulf of Mexico... in the prolific fields of South Texas... and across the border in northern Mexico.

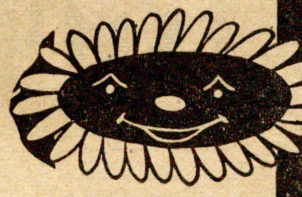

And as new fields are found in Texas Eastern's pipeline area, gas is contracted for to meet today's needs, and tomorrow's, and those 20 years distant.

As demand has grown, Texas Eastern has widened its search for new and better natural gas sources. With what is now under contract — and what we can be certain of acquiring in the future — you can be sure that you will be able to cook with gas for a long, long time.

Legion Auxiliary Wins 2 Awards at 11th Dist. Convention Sunday

MRS. KATHERINE HEISNER
Phone Frankfort 5187

The American Legion and Auxiliary was represented Sunday at the 11th District convention in the Legion Home in Glen Ellyn by the following delegates: Mr. and Mrs. Daniel Eicht, Mr. and Mrs. Orville Schinkowski, and Mr. and Mrs. Glenn Burkett.

The ladies attended the meeting of the Auxiliary which was held in the morning and received two awards. One was a personal award to Mrs. Dan Hecht for outstanding work in membership with the unit being 134 per cent over the quota and gaining 14 new members last year. The other award was an honorable mention for the history of the Auxiliary.

In the afternoon the men attended the Legion convention.

Roy Thorensen and grandson Roy Thorensen Jr. attended the Cubs-Sox benefit baseball game last Monday in Comiskey park.

Barbara and Nancy Frey of Steger spent several days this past week visiting with their grandmother, Mrs. Blanche Mitchell.

Rev. and Mrs. William Schwantes and sons of Heidelberg College, Tiffin, Ohio, called at the Rev. Erich Bizer home last Monday.

Rev. Erich Bizer officiated at several baptisms during the past week at St. Peter's Church. David Allan was the name given to the infant son of Mr. and Mrs. Wesley DePorto and sponsors were Mrs. Wayne DePorto and Dale Krohn.

In the DePorto home dinner guests were Mr. and Mrs. Herbert Minger and Ruth, Mr. and Mrs. Dale Krohn of New Lenox, Mr. and Mrs. J. C. DePorto, Mrs. Fred Klepper also Mrs. Jean Kaluf and Mrs. Cornelia Kikkert and daughter all of Munster, Ind., and Mr. and Mrs. Wayne DePorto and family.

Doreen Ann, daughter of Mr. and Mrs. Donald Schroeder, was baptized Sunday and her sponsors were Mrs. Harold Franke and Glenn Schroeder. Later a dinner was served in the parents' home.

Guests in the Schroeder home were Rev. and Mrs. Erich Bizer, Mr. and Mrs. Harold Franke and sons of Chicago, Mr. and Mrs. Conrad Mark and daughters of Manhattan, Mrs. Conrad Mark Sr., Mr. and Mrs. Walter Mark and family, Mr. and Mrs. Glenn Schroeder and daughters, Mr. and Mrs. George Schroeder and Dorothy Nunes.

Mr. and Mrs. Harry Miller, Lorna and Marilyn, motored to Jacksonville Sunday to visit with their daughter Donna, who attended Girls State at MacMurray college for a week. Donna returned home Tuesday.

Robert Stephen, 83 years old, had the misfortune of falling in his yard last Monday, fracturing his left hip. He underwent surgery at Silver Cross hospital on Friday and is recuperating as well as can be expected.

Rev. and Mrs. Ben F. Day are attending the Rock River Annual conference at Wesley Methodist church at Aurora

this week. Debbie, their daughter is staying with her grandparents, the Gordon Telfers at Morris.

Rev. and Mrs. Erich Bizer were Tuesday evening dinner guests of Mr. and Mrs. Raymond Rowe at Lombard. Mrs. Rowe is a cousin of Mrs. Bizer.

The annual outing and picnic of St. Peter's church will be held Sunday, June 29, beginning with a combined service of worship, with the children participating. It will start at 10:30 a.m. at Geuther Grove. A potluck dinner and recreation for all will follow.

A meeting at St. Peter's church for the church cabinet and officers of all organizations including Sunday school teachers and workers will be held July 1, at 8 p.m.

A potluck birthday dinner was held Sunday noon in the home of Mr. and Mrs. Leslie Koenig in honor of her birthday. About 56 relatives and friends attended and out of town guests were from Mokena, New Lenox, Chicago, Tinley Park, Dolton, Peotone, Matteson and Chicago Heights. Charles Otto, son of Dr. and Mrs. Claude Otto left Sunday for Springfield, where he will attend Boys' State.

Edward Lane, son of Mr. and Mrs. Edward Lane of Culver, Ind., and grandson of Katherine Heisner has been accepted as a student at Purdue university this fall. He was graduated from high school in May and won a special merit scholarship and also a Wetherwill scholarship, both toward fees for the year 1958 and 1959 which will be renewed if he maintains a 4.50 average thru the year.

The Lane family formerly lived in Mokena and Frankfort.

The Frankfort and Mokena grade school bands will hold a combined band concert on Wednesday, July 16, at 7:30 p.m. The concert will be held on the grounds of the Frankfort school.

A second concert is planned by the bands to be held in Mokena Sunday afternoon, July 27. In case of rain the concert will be held in the school gymnasiums.

Misses Leatrice and Lauretta Johnson of Monee, Miss Annabelle Meyer of Peotone and Mr. and Mrs. Wesley DePorto and son were supper guests of Mr. and Mrs. Herbert Minger Sunday evening.

Mr. and Mrs. Robert Anderson of Ft. Lauderdale, Fla., arrived last Monday at the home of her parents, Mr. and Mrs. Herbert Lambrecht for an extended visit during the summer months.

Mr. and Mrs. Roy Thorensen motored to LaPorte, Ind. Sunday visiting with Mr. and Mrs. Howard Blankschein.

Rev. and Mrs. Samuel Weisshaar returned home recently after a visit with their son and family, Rev. and Mrs. Milton Weisshaar at Wausau, Wis.

Mr. and Mrs. Leslie Koenig

Homer

Wayside Workers Hold Annual Picnic Dinner Thursday July 10

By ELIZABETH B. ANDERSON
Phone Lockport 886-W-2

The Wayside Workers Circle of King's Daughters will hold their annual picnic dinner in the Homer church dining room at noon July 10. Please note the change from the customary first Thursday of the month, because of the fourth of July falling so near that day. Bring table service and a dish to pass.

Wednesday of this week, Mrs. Robert Shepherd, Mrs. George Burcham and Mrs. Roy Hanson attended a tea sponsored by the King's Daughters of Manhattan at the Manhattan Methodist church.

More than 100 people attended the breakfast sponsored by the Missionary society at Homer church Tuesday morning of last week. Guests were present from Lockport, Joliet, New Lenox and Lemont. Prizes were won by Mrs. Beulah Raeside, Mrs. Edward Beaver and Billy Grimm. Music was furnished during the meal by Faye Rodgers, Faye Anderson, Iris Filipowicz and Betty Anderson. The society members are grateful to all who helped make the morning a success.

On June 29 the Cerebral Palsy Camp, Shady Oaks, on Parker rd. near route 7, will dedicate its new building which was made possible by a Ford Foundation gift, and the camp will open for the summer.

Seventh and eighth grade pupils and a few high school people enjoyed a dancing party at Homer Consolidated school Thursday evening.

Betty Anderson received her diploma in piano playing at the Joliet Conservatory of Music Thursday evening. She expects to continue studying there this summer until she earns her teacher's certificate in piano.

An enjoyable outdoor service and dinner was participated in by many adults and Sunday school pupils at Messenger Woodlands last Sunday, June 29 a combined Sunday school and church service will be held at 10:30 a.m. in celebration of Children's Day which was deferred because of other activities.

Jerome Boyce and son Walter are on an auto tour of the western states.

Mrs. Edna Munson who lives with her niece, Mrs. Joseph Paul, on Homer rd., spent a few days with friends

Mr. and Mrs. Robert Simpson also Mr. and Mrs. Robert Klier of Monee, Mr. and Mrs. Henry Kuse and Mr. and Mrs. Norbert Brockman both of Green Garden dined at Tiebels Saturday evening for dinner and later attended a movie.

in Joliet last week.

Mrs. Verna Alt arrived from Kansas City Saturday to spend a two week vacation with her mother, Mrs. Edna Mergler, and other relatives here and in Chicago.

Mrs. Bertha Burcham, James Burcham and Dick Simons, all of Chicago, were visitors in the George Burcham home last Sunday.

Mr. and Mrs. Henry Hanson of Clay Center, Neb., spent last weekend here and attended the graduation of their son, the Rev. Roy Hanson at Chicago University.

Eugene Ponkauskas who recently graduated from Lockport Township High school, left Wednesday of last week for San Antonio, Tex. air force base.

Mr. and Mrs. John Loucks, Jr. have returned to his base in Texas after a few days' visit with his parents, the John Loucks. They came home by way of Florida where they picked up Mrs. Loucks Sr. who had been spending several weeks in the home of her daughter, Mrs. James Springler.

Major and Mrs. Fred Thatcher and family arrived Saturday from Columbus, Ohio for a visit with her parents, the Geo. Welters, and other relatives.

Two building permits for new homes were recently issued, one to Gerald G. Fox of Chicago for a five room brick veneer home on 136th st. and the other to Stanley Chapas, also of Chicago, for a six room brick veneer in the Spring Creek Woods subdivision.

Auxiliary Police to Take Action on Civil Defense

By MRS. EMIL WILLE
Phone Frankfort 3161

The Auxiliary police of Will County met Sunday evening, June 15. Anthony Dina, civil defense director of Mokena, Martin Medema and Ray Bisgrove, his assistants, also attended. A special meeting will be held at 7:30 p.m. Sunday, June 29 at Ann Rutledge school to vote on the civil defense program. All members will be notified before the meeting.

The Walter Niedringhaus family have just returned from vacationing

Green Garden

Church Circle to Make Tour of Stateville

By KATHERINE HEISNER
Phone Frankfort 5187

Members of the Family Life Circle of the Methodist church will tour the Stateville prison in Joliet Sunday.

The monthly meeting of the Circle will be held this afternoon in the home of Mrs. William C. Bettenhausen Jr. The devotions will be given by Mrs. Raymond Bettenhausen and the discussion by Mrs. David Dralle.

Edward Bettenhausen, son of Mr. and Mrs. William C. Bettenhausen, is spending this week with his grandparents, Mr. and Mrs. Walter Deuchler at Aurora.

Mr. and Mrs. Frederick Uthe and family attended the Golden wedding anniversary of his parents, Mr. and Mrs. Conrad Uthe, held Sunday in the home of their daughter, Mr. and Mrs. Frank Wolfrum of Orland Park.

While there they visited a cigarette factory. Other points of interest were Washington, D. C., the Shenandoah and Allegheny mountains, and the home of Stephen Foster.

The visit took them across ten states, returning by way of the Pennsylvania Turnpike. Sgt. Eugene Serros who is stationed at Camp George, came by plane from that point to take his family to Victorville, Calif. His wife and children had been living with her parents here since their return from France.

Mr. and Mrs. Dwight C. Nielson and sons, Robert, John and Jimmie, and Harvey Nielson spent Sunday at Pewaukee, Wis. Accompanying them for the day was their brother in law, Charles Colahan who is a patient at Woods Veterans hospital. A picnic lunch and a day of fishing was enjoyed.

Accidents will cause the death of more than 15,000 farm people and injure 14 million more in the coming year unless people are more careful than they have been in the past, says O. L. Hog-

sett, extension safety specialist at the University of Illinois College of Agriculture.

More farm workers are killed than work ers in any other occupation. The death rate from farm accidents per person is exceeded only by the mining and construction industries.

Accidents to farm people occur ruthlessly and usually at the most inopportune time. Yet most accidents are preventable, whether they are associated with the tractor, the mad bull, the broiling sun or a spreading infection from a neglected wound. The truth is that thousands of farm people die every year in accidents that can and should be avoided. Most of these tragedies occur because someone does not know, does not think, does not see and does not do the right thing.

Illinois citizens should exert pressure on their county with the law and bring about boards of review to comply fair assessments in all county townships, advises a University of Illinois associate professor of agricultural law.

Accidents force farm people to pay more than a billion dollars a year for something they don't want—misery and suffering.

Illinois citizens should exert pressure on their county with the law and bring about boards of review to comply fair assessments in all county townships, advises a University of Illinois associate professor of agricultural law.

Accidents force farm people to pay more than a billion dollars a year for something they don't want—misery and suffering.

Accidents will cause the death of more than 15,000 farm people and injure 14 million more in the coming year unless people are more careful than they have been in the past, says O. L. Hog-

sett, extension safety specialist at the University of Illinois College of Agriculture.

More farm workers are killed than work ers in any other occupation. The death rate from farm accidents per person is exceeded only by the mining and construction industries.

Accidents to farm people occur ruthlessly and usually at the most inopportune time. Yet most accidents are preventable, whether they are associated with the tractor, the mad bull, the broiling sun or a spreading infection from a neglected wound. The truth is that thousands of farm people die every year in accidents that can and should be avoided. Most of these tragedies occur because someone does not know, does not think, does not see and does not do the right thing.

Laguna Woods

Summer Season Ushers in Outdoor
Entertaining in Suburban Areas

By MRS. ROBERT ANDERSON
Phone Fieldbrook 9-2857

Friday the 13th a fish fry was given at the William Donohue home and featured a menu of walleyed and northern fish. Guests were Mr. and Mrs. Jack Nelson and daughter Janine, Mr. and Mrs. Clarence Kekas and her sister Miss Donna Hahn, the Robert Andersons and son Charles Harris, the H. L. Woodburys, Geo. Browns, Arthur Arnolds, William Garvins and the Henry Andersons. The guests dined in the recreation room, (better known as the Gilded Key Pub) due to inclement weather. Mr. and Mrs. Art Aiello were unable to attend as Tony had the measles. Clever fish fry invitations were sent by Mrs. Donohue.

Last Saturday evening several families had a cookout at the Robert Andersons. Everyone agreed it was an ideal evening to have an outdoor barbecue. Last minute cookouts are always potluck and anyone who smells the smoke is welcome to join in and bring their own dinner to cook outside. The cowpokes dined on the patio and listened to hi-fi music till it was time to turn on TV's Gunsmoke.

Friday evening Mr. and Mrs. Thomas Verhagen entertained guests on their patio which overlooks spacious lawns and the small lagoon.

It sure is grand to see Art Aiello up and around in his electric wheel chair and extra nice when he stops to visit with his friends and neighbors who are at work in the yard or relaxing in the sunshine.

Several Laguna golfers took their families to play Stop and Sock last week and a swell time was had by all.

Have you seen the tame squirrel the neighbors are feeding? Art Little, (Henry Anderson's father in law) held a cracker and the little fellow (?) came up and took it from his hand. The other afternoon while Mr. and Mrs. Woodbury were working in their yard the squirrel sat on the toe of "Woodies" boot and begged so they too gave him something to eat.

Mrs. Woodbury and Mrs. Robert Anderson strolled thru the "woods" Saturday and visited with various neighbors at work in their yards. In passing Mrs. Chris Manos home they were invited in for freshly made donuts and coffee. Hmm good!

Mrs. J. Nelson and Janine are taking Spanish lessons at home. Guess we're all going to have to learn how, so we can have a real Spanish party!

Mr. and Mrs. C. Manos are entertaining their grandson

this summer. Danny Nimtz of Dallas, Texas is nine years old and visited his grandparents last summer also. This past weekend the Manos had their two nephews as guests, George and John Zuraski of Chicago. The boys are eight and six years old. The children were guests of the Manos at a picnic Sunday at Fox Lake.

Vacation Bible school will open July 28 to Aug. 8 at the Palos Heights Christian school. The school is located at 177th st. and one block east of Harlem ave. Kindergarten children are welcome and the school will be in the morning hours only.

The Laguna Woods Home Owners directors met at the home of the president, William Murphy Wednesday night. Be sure and attend the next meeting as important decisions will have to be made and one which we hope will benefit the youngsters of Laguna.

Mrs. J. Nelson and daughter Janine, Mrs. H. Woodbury, and Mrs. M. Anderson and the Robert Andersons and son Charles spent Monday at Custer Park at the farm home of Mrs. Anderson's grandmother.

University of Illinois agronomists will conduct 1,022 different seed corn tests during 1958 at 10 different fields around the state. The seed will be supplied by 56 different growers, who will also contribute more than \$15,000 to carry out this project.

LEGAL NOTICE

PUBLIC NOTICE
Notice of Proposed Change in Gas Schedule

NORTHERN ILLINOIS GAS COMPANY hereby gives notice to the public that it has filed with the Illinois Commerce Commission on June 9, 1958, revisions in its off-peak rates as follows:

1. The minimum monthly charge of off-peak Rate 7 is reduced from \$250.00 to \$65.00 net, thereby making the rate available to a greater number of customers.
2. Obsolete off-peak Rate 5 is confined to existing applications.

Further information with respect thereto may be obtained either directly from this company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed

change in the schedule may be inspected by any interested party at any business office of this Company.

CERTIFIED COPY OF
RESOLUTION OF BOARD OF
DIRECTORS OF ORLAND
STATE BANK

At a meeting of the Board of Directors of the Orland State Bank held on June 12, 1958, the following Resolution was adopted:

WHEREAS, by Section 17 of "An Act to revise the law in relation to promissory notes, bonds, due bills and other instruments in writing approved March 18, 1874", as recently amended, it is provided in part that any bank doing business within the State of Illinois may select any one day of the week to remain closed, and that any act authorized, required or permitted to be performed at or by or with respect to such bank on a day which it has selected to remain closed under the provisions of said act may be performed on the next succeeding day; and

WHEREAS, on the 7th day of May, 1952, the Board of Directors of this Bank selected the last day of the week, commonly called Saturday, to remain closed; and

WHEREAS, it is intended by this resolution to terminate and alter the aforesaid resolution in so far as the same conflicts with the provisions of this resolution hereinafter set forth;

NOW, THEREFORE, BE IT RESOLVED that pursuant to all of the provisions of the aforesaid Act, this Bank hereby selects and designates the last day of the week, commonly called Saturday, to remain closed, commencing with the 5th day of July, 1958, with the exception, however, that this Bank shall remain open on any said Saturday, commencing on the 5th day of July, 1958, during such hours as may be prescribed from time to time by the Board of Directors of this Bank for the sole purpose of accepting deposits, cashing checks and making change; and provided further, that on any Saturday immediately following a Fri-

day or immediately preceding a Monday of the following week, which said Friday or Monday is one of the following legal holidays, to wit: the first day of January, commonly called New Year's Day; the thirtieth day of May; the fourth day of July; the twenty-fifth day of December, commonly called Christmas Day; the first Monday of September, to be known as Labor Day; and any day appointed or recommended by the Governor of the State of Illinois or by the President of the United States as a day of fast or thanksgiving;

this Bank shall be open for business during such hours as may be from time to time prescribed by the Board of Directors of this Bank.

BE IT FURTHER RESOLVED that the resolution heretofore adopted on May 7, 1952 be and the same shall be terminated and altered in so far as the same conflicts with become effective.

BE IT FURTHER RESOLVED that the Cashier of this Bank, the officer having charge of the records of this Bank, shall be and he is hereby directed to certify a copy of this resolution and to file same with the Recorder of Deeds of Cook County, Illinois, and to publish the same at least once each week for three successive weeks in a newspaper of general circulation in Cook County, Illinois, all prior to the 5th day of July, 1958.

I, GEORGE E. GEE, DO HEREBY CERTIFY that I am the Cashier of the Orland State Bank and as such have the care, custody and control of the books and records of said Bank; and that the foregoing is a true and correct copy of a Resolution adopted by the Board of Directors of the said Bank at a duly constituted meeting of said Board of Directors held on the 12th day of June, 1958, and entered upon the regular records of said Bank.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of said Orland State Bank this 12th day of June, 1958.
(Signed) GEORGE E. GEE
